religion and law he has abandoned, while under the law to which he has become subject they cannot inherit from him. The legislature in Act XXIX of 1923, the Special Marriage Amendment Act, has, by permitting the adoption by the father in the case of a son marrying under the Act, approved the principle of applying the rule of civil death to such person, who renounces the essentials of Hindu religion, though section 23 of this Act allows such persons to succeed as heirs.

This provision is not intended against any community and would be applicable to the cases of persons who become converts to Hinduism from Muhammadanism.

The Caste Disabilities Removal Act was purely a Government measure and does not represent the will of the people.

RESOLUTION—No. 112/T.—A. I.

Minister-in-charge: The Hon'ble Sir P. C. Mitter, Kt., C.I.E.

The Report on the Working of the Co-operative Societies in Bengal for the year ending 30th June 1927.

Administration.—Rai J. M. Mitra Bahadur held the office of Registrar throughout the year. There was no change in the strength of the superior controlling staff and only one permanent change in the personnel, being due to the reversion of Rai Sahib Nripendra Chandra Bose, Assistant Registrar, to the general line as Deputy Collector. The opening of separate offices for the Assistant Registrars of the Burdwan and Chittagong Division has resulted in increased efficiency. Government have since the close of the

year under review approved of the strengthening both of the inspectorate and of the audit staff, the former by 12 additional posts and the latter by 24. Unfortunately, the limited funds available for new expenditure has made it impossible to include provision for more than 4 of the former and 12 of the latter in the budget for 1928-29. The full number approved of will be appointed as soon as funds permit.

A scheme for the re-organization of the service of auditors has been approved by Government. By this they are placed on a permanent basis on an incremental pay of Rs. 75—150 instead of the present fixed pay of Rs. 75, and will get the benefit of a provident fund. The new rates of pay take effect from 1st April 1927. This will allay the discontent referred to by the Registrar, and should result in more satisfactory working.

2. Generally, the number of societies shows a satisfactory increase. The total rose from 12,819 to 15,439, an increase of 20·4 per cent. as compared with an increase of 15·6 per cent. in the previous year. Membership rose from 453,031 to 547,325, an increase of 20·7 per cent. as compared with 17·4 per cent. in 1925-26. Working capital rose from Rs. 7,52,77,018 to Rs. 9,43,42,218, an increase of 25·3 per cent. as compared with 21·7 per cent. in the previous year.

Economic conditions as a whole were not unfavourable, though floods in West Bengal with concomitant loss of winter paddy and the low price of jute were disturbing factors. There was a general shortage of money, and the Provincial Bank for the first time found it difficult to cope with the demand for loans.

Gratifying as has been the steady advance of the co-operative movement in general the Hon'ble Minister would like to draw the attention of the public to the very large field of agricultural credit which yet remains to be covered. The annual value of the principal agricultural products of Bengal is in the neighbourhood of 200 crores of rupees as is shown in the statement below, yet we find it stated in paragraph 14 of the report that the annual cash employed in the movement is only 5·15 crores, a sum which covers the activities not only of agricultural but of all kinds of societies. He has no intention of attempting to force the pace in the realm of co-operative movement, a course which is bound to defeat its own end in that the strength of the movement depends wholly on a spontaneous appreciation of co-operative principles by the co-operators themselves, but some definite action does seem to be necessary for the provision of credit for the agriculturists of Bengal, and Sir Provash Mitter desires to draw pointed attention to this fact.

Statement.

In the jute trade a fair beginning has been made by the Co-operative Department and, as is well known, traders and merchants interested in the trade also provide fairly adequate arrangements for financing it. In the rice trade, on the other hand, a crop whose annual value is about 146 crores of rupees even moderately adequate arrangements for its financing at a reasonable rate of interest do not exist, and such arrangements are equally deficient in respect of the other minor crops, whose value may be estimated at over 9 crores of rupees. This is a state of affairs for which surely there must be a remedy, and the Hon'ble Minister believes that the Co-operative Department should be able to find it, provided public opinion is awakened sufficiently to interest itself in their efforts.

3. The ordinary credit societies generally worked satisfactorily. Collections fell below the high standard attained in the preceding year, being 37·8 per cent. of the total amount due as against 45·5 per cent.—a result which is attributable to the unfavourable agricultural conditions referred to above. It should be observed, however, that the best collection in the quinquennium 1920-21 to 1924-25 did not exceed 41·8 per cent. The proportion of overdue loans increased correspondingly, *i.e.*, from 24·1 in 1925-26 to 25·5 in 1926-27. The figure of 1925-26 was, however, the smallest for a decade. The Rajshahi Division, though slightly better than in the previous year, still shows the highest percentages of overdue loans outstanding. The audit classification of societies shows practically no variation as compared with previous years. Seventy-five per cent of societies are marked " C " or " average," on either side of which the percentage falls away steeply to 8 per cent. " B " or " fair," and 1·5 per cent. " good " on the one side and 8·8 per cent. " bad " and 5·9 per cent. " hopeless " on the other.

4. The report on the working of the jute sale societies is of particular interest, and though it is too early yet to attempt to form a decided judgment as to their future, there is little doubt that substantial progress in this comparatively new line of activity has been achieved. The rivals with whom these societies have to compete are highly organized and possessed of large resources, and it is obvious that it will take time for the new comers to obtain a firm footing, while, as the Registrar indicates, it cannot be expected that great financial results will accrue at once. A cautious policy is the only wise one, and this is what the Registrar is evidently pursuing. Apart from these considerations, the only true test of success in such a venture as this is the amount of benefit that the grower of the jute obtains. As the Registrar observes, the most notable event of the year is the establishment in Calcutta of the Bengal Wholesale Society, a federation of the local societies which acts as their agent for sales in the Calcutta market, so that there will be no need to rely on extra-co-operative assistance at any stage between the cultivators' field and the jute mill. Of the other sale societies, exclusive of those connected with jute, the Gosava Paddy Sale Society had a successful year. The total number of these societies rose from 53 to 78, the new additions being nearly all concerned with jute.

5. The increased interest shown in the co-operative production of milk and milk products deserves special mention. There is an immense field for expansion in this direction, and, as the Registrar points out, improved facilities for marketing spells sooner or later improved cattle and improved cattle-keeping. Satisfied that there is money in well-bred and well-kept kine, the cattle-keeper realizes it is worth his while to obtain cows of good milking strains and to take pains over their welfare. During the year, the number of milk societies increased from 76 to 97. Eighty-two of these are in the Calcutta group and are associated into the Calcutta Milk Union, whose fine modern plant at No. 119, Bow Bazar was visited by the Royal Commission on Agriculture, and, more recently, by His Excellency [illegible] his Union earned a profit of Rs. 22,168 in the year under report[illegible]s has led to the initiation of similar organizations at Dacca and [illegible]s, and the work is expanding so rapidly that it has been decided [illegible]ate, when funds permit, a special post of Superintendent to deal with milk work alone. The Hon'ble Minister believes a great future lies before this form of enterprise, of benefit as it is to producer no less than to consumer. It offers

too a profitable occupation for anyone who is prepared to fit himself for it. The great difficulty lies in the lack of means of obtaining instruction in the art of dairying. There is now under consideration a scheme for affording such training on modern lines at Dacca where an excellent herd of carefully selected cattle will give full scope for practical instruction, and the Hon'ble Minister is confident that when funds permit of such classes being opened they will prove instantly popular.

6. The number of co-operative agricultural associations increased from 21 to 30. But the Registrar is evidently not very satisfied with the policy that has hitherto been followed in this connection, and the Hon'ble Minister will await with interest his proposals for improvement. The account of the year's working certainly does not convey an impression of any very great activity. It is gratifying to observe that there is close co-operation with the Agriculture Department in respect of these societies.

7. Among non-agricultural societies, ordinary credit societies show an increase in membership, and have on the whole thrived well, their main function being to afford people of limited means easy credit facilities. The Calcutta societies were as before the best administered, and in the mufassal the successful working of the Chittagong Urban Bank reflects credit on its management.

The artizans' societies show little signs of expansion, and it seems probable that this is a field to the development of which the Co-operative and the Industries Departments might devote themselves conjointly with success. The Hon'ble Minister is convinced that the most feasible line of advance in respect of cottage industries is on co-operative lines. The existence of these artizan societies, few in number though they are, forms a nucleus on which to work and Hon'ble Minister hopes that efforts will be made to effect progress in this direction. The Brahmanbaria Braziers Society, for instance, now comprises nearly all the artizans in the locality. There must be other places where similar societies could be organized and their methods improved under the guidance of the Industries Department.

There was a large increase in the numbers of anti-malarial societies, *viz.*, from 269 to 450, and their working seems on the whole to have been satisfactory.

It is gratifying to observe that the women's organizations worked, with one exception, satisfactorily, and that one new society was started during the year.

8. There is little to comment on in the working of the higher industrial organizations, except to note the registration of a silk union in Malda, with 45 societies affiliated to it. The main object of this is to provide marketing facilities for the silk produced, and its career will be watched with interest.

The central banks rose from 98 to 103 in number, and are reported to have made good progress on the whole. It is satisfactory to learn that complaints as regards their attitude towards village societies are increasingly rare.

The Bengal Provincial Co-operative Bank enjoyed continued prosperity. The turnover was the same as in the preceding year, *viz.*, Rs. 5 crores. A testimonial to its stability is afforded by the increase of deposits by non-members of from Rs. 44 to 88 lakhs. Its Board of Management has received an accession of strength in Sir R. N. Mukerjee's acceptance of its chairmanship, a much appreciated proof both of his interest in the movement and of his belief in its stability.

The Bengal Co-operative Organization Society, which receives an annual Government grant of Rs. 10,000, continued to flourish, its membership increased to 9,875, and the circulation of the journals which it publishes also went up. The divisional conferences, that at Dacca coinciding with the visit of the Royal Commission on Agriculture, which were held under its auspices, were of value in allowing of the exchange of experiences and ideas

among co-operative workers and as a means of giving publicity to the movement, while the society also lent its assistance at the Dacca Agricultural Exhibition and on the Eastern Bengal Railway demonstration train. This society arranged for a training class for co-operative officers after the close of the year at the Dacca Farm. This was a great success, and Government will await with interest the Registrar, Co-operative Societies' proposals for the extension of this system of instruction.

9. The number of societies liquidated shows no very marked fluctuation, but there are a considerable number (409) of cases pending. The completion of liquidation proceedings is a troublesome process, and though there has been better progress in this respect during the last 3 years than previously, there is still room for improvement. It is to be hoped that the strengthening of the staff will contribute towards prompter disposal of these cases.

10. The Hon'ble Minister is glad to note the cordial way in which the Registrar refers to his relations with the Agriculture and the Industries Departments, both of which impinge upon the field of co-operation at numerous points. There are few individuals who have either the means or the enterprise to embark upon improved plant and methods in cottage industries or in dairying and animal husbandry (to take only two examples), but there is ample scope and opportunity for great progress in either sphere under co-operative conditions of management.

11. Sir P. C. Mitter is satisfied that the bulk of public opinion entertains nothing but feelings of good-will towards the co-operative movement. Criticism, whether interested (and therefore often unfair) or genuine, there will always be, and it should be welcomed on its merits. The main object to be kept steadily in view is the fostering of the movement on genuine, sound lines, and above all the fostering of the co-operative spirit. With a real co-operative spirit abroad, there will be no room for those petty but destructive jealousies and the internecine strife between society and society or within a single society to which the Registrar has had to refer here and there in his report.

12. The Government of Bengal in the Ministry of Agriculture have once more to acknowledge with pleasure the services rendered by so many, whether non-official or official, in helping the growth of the co-operative movement, and in this tribute they would include the humble individual who contributes his mite in the shape of honest work in a quiet way in some rural spot no less than those who are fortunate enough to work in more conspicuous positions. The thanks of Government are due to Rai J. M. Mitra Bahadur for the way in which he discharged his duties.

By order of the Government of Bengal,

(Ministry of Agriculture),

R. N. REID,

Secretary to the Government of Bengal.

CALCUTTA, *the 15th May 1928.*

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 16th May 1928.

Summary.—During the week rainfall was general almost throughout the province. Preparatory ıllage for winter rice is progressing favourably. Sowing of autumn crops continues freely in West and ırts of North Bengal, and weeding of the same is proceeding elsewhere. The prospects of standing crops ıve improved by the recent showers. More rain is, however, needed. Distress continues to prevail in .rts of Dinajpur, Nadia, Birbhum, Bankura and Malda where the number of persons employed on test lief works was 3,437, 732, 953, 749 and 6,505 respectively. Distress also prevails in Murshidabad where 3 persons were employed on test relief works. The average price of common rice for the province has ıen by about 0·07 per cent. as compared with that of the previous week.

NOTIFICATION.

No. 544T.-Com.—The 16th May 1928.—The twenty-second annual report of the Bengal Smoke Nuisances Commission for the year 1927 is published for general information.

A. CASSELLS,
Secretary to the Government of Bengal.

Twenty-second Annual Report of the Bengal Smoke Nuisances Commission for the year 1927.

At the close of the year under report the Commission was composed as follows:—

J. N. GUPTA, ESQ., C.I.E., M.B.E., I.C.S., Commissioner of the Presidency Division, *President.*

G. S. DUTT, ESQ., I.C.S., Magistrate of Howrah.

DR. C. A. BENTLEY, M.B., D.P.H., D.T.M. & H., Director of Public Health, Bengal.

ENGINEER-COMMANDER J. S. PAGE, M.I.N.A., R.I.M., Principal Engineer and Ship Surveyor to the Government of Bengal.

E. W. HAMMOND, ESQ., M.B.E., Officiating Chief Inspector of Factories, Bengal.

G. Y. ROBERTSON, ESQ., Manager, Union South Jute Mills, Buddertolla, (representing the Bengal Chamber of Commerce).

B. THORNTON, ESQ., Messrs. Burn & Co., Ltd., Howrah (representing the Bengal Chamber of Commerce).

N. MACLEOD, ESQ., M.I. MECH. E., representing the Calcutta Port Commissioners.

J. N. CHUNDER ESQ., MESSRS. S. C. Chunder & Co., representing Bengal National Chamber of Commerce.

K. NOORUDDIN, ESQ., representing the Municipal Corporation of Calcutta.

In Calcutta and the suburbs, during the cold season, when the atmospheric conditions trap the smoke near the ground level, when curtains and clothes are blackened in a few hours, and the nostrils and the respiratory tract are clogged with soot, the death-rate from diseases of the breathing organs rises from 80 to 240 a week.

The smoke nuisance is ancient. Over 600 years ago Great Britain set up the first smoke Commission, formed of nobles. It appears that the smoke makers were executed, tortured and imprisoned in unavailing efforts to lay the smoke and sulphur. Through the centuries the smoke, soot and poisonous gases took their stealthy and heavy toll of human life. There seemed to be no commercial solution. Throughout the world, about two decades ago, economic conditions compelled a close study of fuel problems. Combustion engineering provided the service, furnaces and appliances were altered, more economic and different methods of using fuel were introduced. The scientific use of fuel solved economically, at least, the problem of industrial smoke abatement. But domestic smoke, which is responsible for about 75 per cent. of the damage, is not yet commercially solved. Under present economic conditions, the effect of cheap and smokeless power and heat is profound and is closely related to the health and prosperity of a nation.

General Control by the Commission.

The Commission held 13 meetings. The object of its endeavours is to give ever-improving service to the public and the mill owners. It spent much time and thought in keeping abreast of the latest trend in the scientific use of fuel and the latest achievements in industrial and domestic smoke abatement. The members visited installations for practical experience. A system of issuing bulletins on points of public interest was started. Sub-Committees were appointed to deal with larger questions, confer with the interests concerned and generally project the future programme.

The Commission felt incompetent to deal with the public health aspect and to meet this the Director of Public Health, Bengal, was appointed a member of the Commission. Medical authorities state that in large congested towns the death-rate from breathing organ diseases is a fair working index of the degree of atmospheric pollution by smoke. Investigations, from this angle, have been started. In the meantime the general diagram of deaths from respiratory diseases in Calcutta and the suburbs is appended, which shows that as the pollution of the air increases the death-rate rises.

The average emission from each factory and steamer chimney last year was the equivalent of ·98 minutes of dense black smoke per hour. This year it has been reduced to ·68 minutes, which is by far the lowest recorded. Index figures never appeal much less convince. But this shows the total black smoke daily emitted has been reduced by 3,500 minutes. In 1906, when the Commission assumed control the daily emission of black smoke was 200,000 minutes. It is now less than 12,000 minutes.

New Methods Reduce Smoke.

Well designed plants are necessary for smoke prevention and fuel economy, but these fail unless correctly operated. It appears to be the general experience of Smoke Departments in dealing with the "human element," the most important and elusive factor in smoke abatement, that engineers and firemen will not reduce smoke unless they know they are constantly watched, that every offence is detected and quickly followed up. Obviously the undetected offences should be as low as possible.

It is astonishing how inefficiencies collect around traditional methods. In June last, the Commission broke from tradition and reorganised the system of smoke observing, to give better service. The detected offences, which are reported to the owners for their departmental action, immediately jumped from 320 to 800 a month. To deal with this increase, the old "follow up" system was then modernised, effecting a remarkable smoke reduction.

Last year, 4,170 offences were reported. This year they rose to 7,433. And in addition to this 896 telephonic communications were sent to owners at the time of the commission of the offence, from the Central Smoke Observatory. During the year the inspections and tests for educational purposes rose from 5,023 to 5,976. Statutory Warnings were issued in 3 cases as against 22 for last year. There have been no prosecutions during the last two years. It appears to be the general experience in dealing with the skilled work of efficient smoke prevention that a broad educational and co-operative policy gives better results than prosecuting owners for failing to do that which they do not know how to attempt.

Complaints from the Public.

The public increasingly apply for relief to the Commission. During the year 63 complaints were received against 48 for the previous year. In a few cases the complaints were petty, but relief was given wherever possible. An analysis of the complaints gives a fairly accurate idea of prevailing conditions. Half the complaints are against domestic and kindred fireplaces using country soft coke as fuel. It is estimated that about 80 per cent. of such fireplaces use this coke, which is usually made at the collieries by burning raw coal in large open heaps and driving the smoke and valuable gases into the atmosphere. It takes about 1½ tons of raw coal to make one ton of coke. This coke may be fairly smokeless when used in high draft boiler furnaces. But it is not so when used in the low draft domestic and kindred fireplaces, as is evidenced, any evening, when the panwalla or durwan places his small furnace using coke outside the door and the smoke travels near the ground and blots out the street. If this is increased a quarter of a million times it gives an idea of the lowlying smoke in Calcutta.

Advantages of Approved Furnace Plans.

Under modern Smoke Ordinances the plans of installations of furnaces, etc., must be approved by the Smoke Department. This is to secure that the design is such that with reasonable efforts on the part of the operators the smoke from the furnaces can be efficiently maintained within the prescribed limits, and prevents the erection of furnaces from which it is impossible to abate smoke, and the consequent frequent prosecution of the owners.

During the year the Commission examined and approved 69 plans, of which 64, covering nearly all types of industrial furnaces for this and other provinces, were made in the office of the Commission. The Commission's wide experience was always at the disposal of the owners.

Local Examples of Fuel Economy.

About six years ago, the Commission by providing separators to prevent the discharge of light grit from the chimneys and improving the furnaces, gave a great stimulus to the use of rice husk instead of coal as fuel. This annually saved about 250,000 tons of coal for the province. Things then seemed good. But, lately, the local rice mills have experienced bad trading conditions. The mills have had to be frequently closed down, and with the waste of fuel in frequently raising steam they ran short of paddy husk. This had to be remedied. The first stage was to put in boiler feed heaters. Excellent feed heaters can be obtained at a price that the depressed trade cannot afford. Locally made heaters at a fraction of the cost and giving reasonable results were fitted. The next stage was to endeavour to boil the paddy with the exhaust steam from the engine instead of live steam direct from the boilers. This is now successfully working in one mill. The combination saves over 40 per cent. in fuel.

In another case, where the public complained against the rubbish from a local Match Factory being burned in open heaps, plans have been issued of furnaces to burn this rubbish and provide the power and heat required by the factory. This is the second of its kind the first has been in successful operation for some time.

In a Jute Press, the owners' well-directed endeavours for fuel economy, which were first set going over the original smoke trouble, have nearly halved the coal bill. The coal per bale of jute is now 9·2 lbs. against 17 lbs. in the old days. They hope to lower the cost further. The smoke trouble has been abolished.

Local Mill Ranks in the World's Best.

Much interest is centered in a 6 Lancashire boiler installation, at a jute mill, designed to burn cheap slack coal, nearing completion which should rank amongst the most economical of its kind in the world, and is also a high achievement in the scientific handling of India's fuel problems. The boilers are designedly 6 feet shorter than the standard length so as to give a very high steam super heat and to deliver the gases at about 800°F., to the main flues. A water economiser then reduces the temperature of the gases to about 600° F. after which an air heater further reduces them to a temperature less than 300° F., before entering the chimney. The air heater in turn raises the temperature of the air for the combustion of the coal to about 400° F. The boiler feed water is raised by exhaust steam to a temperature of 200° F., before it enters the economiser. The steam for process work is bled from the main turbines. A very complete equipment of recording, measuring and testing instruments is provided.

Abating Smoke from Cheap Slack Coal Leads to Fuel Economy.

The extended use of the cheaper grades of highly bituminous slack coal has greatly complicated the local smoke problem. To efficiently abate smoke when using such coal in Lancashire boilers having restricted furnace volumes, particularly with hand firing, is a difficult problem. The solution is to supply regulated air above the fires. Seems easy. The highest fuel economy is secured when the air supplied for burning the fuel is as near the theoretical quantity as possible. A machine is attached to the boiler flues, when it indicates about 14 per cent. of CO_2 it shows that the air being supplied is as near the theoretical as it is safe to go. Further, the air must be properly mixed with the gases which is very difficult. In practice, separate layers of rich gas and of air travel side by side in the furnace and apparently never combine. This stratification or escape of unburned gases is a dead loss, to prevent which inventors have produced turbulent furnaces and burners.

Provided the draft is sufficient, in the usual Lancashire boilers it is comparatively easy to run smokelessly with 8 or 9 per cent. of CO_2 but the economy is low. If to raise the efficiency, the supply of air is reduced black smoke will be emitted which cannot be efficiently abated unless the system for distributing air above the fires and mixing the gases is sufficient.

The problem was to produce an arrangement that with reasonable efforts on the part of the firemen would produce the least smoke and the highest CO_2. In this respect some of the engineers in the controlled territory have done pioneering work, improved the design of furnaces etc., to enable it to do that what it could not do as originally produced by the manufacturers. Distributing the air at the rear end of the furnaces was tried. Air at the front end gave better results. The best results appear to have been attained by an arrangement in a plant, distributing air at both front and rear ends and also on the sides of the furnaces. The plant is comparatively smokeless and is far below the prescribed smoke limits of the Act. The CO_2 is 13 to 14 per cent. It marks a high stage in the solution of this important subject. A sketch of the arrangement is appended.

Grit and Ash from Cheap Fuel.

A serious aspect of the smoke nuisance is the damage caused to public health by solids in the smoke. The recently extended use of cheap fuel throughout the world has produced it own grit problems. In burning pulverised coal some say the grit is so light that it floats from the chimney and is only brought down by rain. In a recent complaint regarding the grit from a pulverised fuel, Super Power Station, a complainant produced a bucket of grit, alleged to be daily collected from a small adjacent verandah.

A small station daily using 300 tons of pulverised coal with 20 per cent. of ash will annually discharge from the chimney about 17,000 tons of grit. These problems, in all probability, will soon be in Calcutta. Every scientific Smoke Department is awaiting the introduction of a cheap and efficient grit catcher.

Many of the mills, in the local controlled territory, are now using cheap fuel with artificial draft, which accentuates the grit problem. As this practice is rapidly extending, it is for serious consideration when artificial draft is installed whether grit catchers should be fitted.

The Calcutta Electric Supply Corporation, who recently fitted the latest type of grit catchers at their South Power Station, gives the following report on a week's run on slack coal :—

"Total coal burned during the period	.. 811 tons
Total boiler steaming hours during the period	.. 280 hours.
Grit collected during the period	.. 4 tons 11 cwt

There were only two 50,000 lbs. boilers steaming at any time and the boilers were not steaming at their full capacity."

This represents about 240 tons of grit a year, and if similar grit catchers had been fitted to the Company's Central Station the total annual collection of grit from both would be about 1,000 tons per annum.

Four similar grit arresters are being fitted at Tallah Pumping Station owned by the Calcutta Corporation.

The Commission have sent an expression of appreciation to the Calcutta Electric Supply Corporation on the excellent results of the grit catchers and also on the general reduction in smoke from their Central Power Station following the appointment of their own Smoke Observers and the installation of an electric system of smoke indicators.

Saving Fuel in an Oil-Burning Steamer.

In using oil fuel, where the fuel and air factors are so comparatively steady and easy of regulation, some say, they can tell from the colour of the flame whether the correct fuel, air ratio for the highest fuel economy is maintaned. Unfortunately, no ordinary human being can do this. It requires a machine for analysing the gases. It pays for itself. The Chief Engineer of an oil-burning steamer who is keen on fuel economy and combustion engineering procured, at his own expense, an Orsat Gas Sampling Set. During the next sea trip most of his time was spent in the boiler room. On his return with a 10 per cent. reduction in the fuel bill, the owners returned the cost of the machine with a bonus. Machines were then fitted throughout the fleet and the maintenance of proper records insisted on.

Calcutta Lives among the Chimney Tops.

DOMESTIC AND KINDRED LOWLYING SMOKE IN CALCUTTA.

Schemes for the removal of the domestic smoke nuisances have been discussed from every angle throughout the world. In European cities the smoke is discharged at an altitude of 50 or 100 feet or higher depending on the height of the buildings. There, the community does not live in and breathe the poisonous atmosphere around the chimney tops. If it had, probably the domestic smoke nuisance would have been solved many years ago.

Calcutta lives among the chimney tops. Calcutta's quarter of a million fireplaces, tens of thousands of tea shops, eating houses, sweetmeat shops have no chimneys. The smoke and poisonous gases are discharged at ground level. When the atmospheric conditions trap the smoke near the ground and the wind fails, the atmosphere becomes saturated with smoke and poisonous fumes and the street lights cannot be seen from a few yards distance.

Wind and Rain Scavenge the Atmosphere.

Wind is the natural scavenger of the atmosphere. We can realise this by the way a fog disappears on the appearance of moderate wind. A wind with a velocity of 11 or 12 miles an hour will keep a town moderately clear of smoke. When it drops to 2 to 3 miles an hour the scavenging fails, the air thickens with impurities and the death-rate from breathing organ diseases rises, and the resistance to other diseases is reduced. Another natural scavenger is the rainfall, evidenced by the clearer atmosphere and the greater distance we can see after rainfall.

Recently, a Jute Mill installed a Smoke Washing System. An arrangement of pipes, in the main flue of the boilers, discharges water as fine spray into the smoke. This mill daily burns 35 tons of coal and the washing arrangement prevents the daily discharge of about 5 cwts. of impurities into the atmosphere. Nature on a grand scale during the rains of the monsoon washes the pollution from the atmosphere and the death rate falls.

Death-Rate from Polluted Atmosphere.

A diagram is appended showing the weekly death-rate from respiratory diseases in Calcutta and the suburbs for 1927, as modified by the natural scavengers—wind and rain. On referring to the diagram it appears that in the first week of January, 1927, with a wind velocity of nearly 2 miles per hour, the death-rate is 186. The wind then falls and the death-rate rises. About the middle of March the wind velocity rises and the death-rate falls. About June the rains of the monsoon start, which wash the pollution from the atmosphere. The death-rate gradually drops to 77 a week in October, when the rains stop. The wind velocity drops to about 1 mile an hour and the death-rate rapidly rises, ending with 244 deaths a week in January, 1928.

Under the special conditions of Calcutta the only radical remedy appears to be the extended use of smokeless gas appliances which can only come about by the supply of cheap gas. The endeavours of the Commission to reduce the price of gas is reviewed in its appropriate section.

Manufacture of Coke in open Heaps.

Some estimate that, in the controlled territory, about 100,000 tons of raw coal are burned in open heaps and made into coke. Accurate estimates are difficult, but, probably, 50,000 tons are nearer the actuals. This annually discharges about 3,000 tons of soot and solids and 1,600 tons of sulphuric acid at ground level. The general belief is that most of the coal is stolen and the coke sold. Kidderpore and Shalimar are the worst districts. Kidderpore where nobody lives unless compelled is ruined for residential purposes and there household linen becomes black in one day, and there the deaths from respiratory diseases are 19 per thousand compared with 3 for a clean district.

Under the Smoke Act the owner of the ground must prevent the making of such coke upon his ground. Some years ago the Commission took the matter up. The Police instituted 100 prosecutions. But under the difficulties experienced the matter had to be temporarily dropped. Recently, the Commission appointed a Sub-Committee to confer with the interests concerned and endeavour to devise effective methods for handling the question. In the meantime the Howrah Court has issued orders prohibiting the manufacture of such coke in Shalimar, and the Commission is operating in conjunction with the East Indian Railway authorities on a 4,000 ton district in Howrah. The Railway authorities have instituted several prosecutions.

Low Temperature Carbonisation.

Driven by economic necessity to the better utilisation of fuel, strenuous efforts are being directed to produce, by low temperature carbonisation, smokeless fuel, oil and gas from raw coal. When a smokeless fuel is produced that can be thrown anyhow into a furnace without producing smoke, it will remove the "human element," the last barrier to the realisation of the smokeless city. It will take some time to come about. When it does we should have very cheap gas.

Reduction of Smoke Nuisances by Electric Appliances.

Electric appliances both for commercial and domestic use should be encouraged as permanent remedies for atmospheric pollution caused by smoke. During the year 627 motors equivalent to 4,383 horse power were connected to the system of the Calcutta Electric Supply Corporation, Ltd. There are now approximately 6,059 motors, equivalent to 56,373 horse power, connected to the system.

Increase in the Use of Gas Appliances.

The extension of the use of gas appears to be the remedy for the deadly lowlying domestic and kindred smoke. The Oriental Gas Co., Ltd., report that the demand for gas-heated appliances continues to be very satisfactory and during the year 1,266 gas appliances, comprising 412 geysers and other water heating appliances, 497 gas cookers, 234 boiling rings and 123 miscellaneous appliances for domestic and industrial purposes, were connected to the mains of the Company.

Cheaper Gas for Calcutta.

Under the special conditions prevailing in Calcutta, cheap gas is a necessity. The Commission appointed a Sub-Committee to enquire why the price is so high that it prevents the reasonable extension of the use of gas. From discussion with the Gas Company it appears that, according to contract, the gas supplied to the Corporation is to the illumination or candle power standard, so all the gas in Calcutta must be made to this standard. Since the introduction of gas mantles it is heating gas that is required. Illuminative gas is unnecessarily expensive and is practically obsolete. Heating gas is cheaper and more efficient for modern requirements. Nearly all the towns of any consequence throughout the world use heating or calorific gas. Calcutta is amongst the last to use the old fashioned gas. Bombay changed over sometime ago.

A test was made at the Gas Works of the two gases. Two rows of gas lamps were fitted with representative burners, in common use, each opposite pair having the same type of burner. One row used the old and the other the new gas. The test was witnessed by the Sub-Committee and representatives from the Calcutta Corporation and the Gas Company. There appeared to be no difference in the lighting effects between the two gases.

Last August, the Sub-Committee and the representatives of the Calcutta Corporation and the Gas Company met in conference. The Gas Company offered to reduce Calcutta's annual gas bill by Rs. 1,26,000—the Corporation getting Rs. 28,000 and the public Rs. 98,000—with effect from the 1st January, 1928, provided the Calcutta Corporation would agree to change over to the calorific standard. This was unanimously accepted. The case was then passed on to the Calcutta Corporation for consideration.

Latest Methods of Producing Cheap Gas.

Strenuous efforts are being made, throughout the world, to reduce the price of town gas so as to extend its use. Gas Engineers are increasingly collecting the gas from the making of coke in industrial gas ovens, sometimes from considerable distances, and mixing it with town gas to reduce the price.

In last September's "Fuel Economist" a reference is made to a project in Europe to collect the gas from coke ovens and distribute it to towns over a radius of 300 miles. In the local coal-fields, which are only about 180 miles from Calcutta, enough gas is wasted, in the making of coke, to supply many Calcuttas.

Obituary.

The Commission records its deep regret at the tragic death, on the 11th April, 1927, of Mr. James Robson, a brilliant young officer, whose pleasant personality, integrity and wide experience were a valuable asset to the Department.

Conclusion.

The Commission records its grateful thanks, to the Sub-Committees for their valuable service, to the owners for their valued co-operation and suggestions, to those engineers whose high achievements in combustion engineering and whose examples have been of great service in spreading the methods of better utilisation of fuel and the reduction of smoke, and to the staff for its ability and loyalty.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

DACCA, *the 22nd May 1922*

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 22nd May 1928.

Summary.—During the week light to moderate rainfall was general throughout the Presidency. Sowing of jute and paddy is much advanced in East and North Bengal and is progressing favourably in West Bengal. Cultivation of winter rice continues under favourable conditions. Weeding of autumn crops is proceeding in Eastern Bengal districts. The recent rainfall has much improved the prospects of standing crops. Distress continues to prevail in parts of Malda, Nadia, Murshidabad, Birbhum, Bankura and Dinajpur. The number of persons employed on test relief works in the latter five districts so far reported was 503, 1,990, 502, 753 and 14,377 respectively. The average price of common rice for the province has risen by about 1·11 per cent. as compared with that of the previous week.

No. 75T.P.-H.—The 22nd May 1928.—In pursuance of section 37-F. of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), it is hereby notified for general information that the water-supply scheme submitted by the Commissioners of the Asansol Municipality, in the district of Burdwan, has been

Burdwan.

approved by the Government of Bengal (Ministry of Local Self-Government) and that the particulars of the said scheme are as follows :—

(*a*) The scheme is designed to give an ultimate daily supply of 365,000 gallons of water to be pumped from a filtration gallery in the bed of the river Damodar. The pumping will be done by electric power to be supplied by The Indian Iron & Steel Company, Limited, at ·375 anna per unit. The water will be conveyed through a 9" Rising Main into a Service Reservoir to be located at the junction of Budha Village Road and the proposed Young Road (near St. Patrick School) from which it will gravitate into the town and will be supplied through street standposts and house connections.

(*b*) The estimated capital cost of the scheme is Rs. 4,50,000.

(*c*) The annual maintenance cost of the scheme is estimated at Rs. 13,800.

(*d*) The capital cost is proposed to be met as follows :—

		Rs.
Government grant	...	1,50,000
Loan from Government	...	1,20,000
Public subscriptions	...	1,80,000
Total	...	4,50,000

(*e*) The loan of Rs. 1,20,000 with interest will be repaid in twenty-five annual instalments of Rs. 9,165-6-1 each.

(*f*) The maintenance cost and the loan charges will be met from water-rate to be levied at 7½ per cent. on the annual value of holdings.

(*g*) The average incidence of water-rate per head of population will be annas 13-9.

2. The said scheme will be taken into consideration on or after the 31st July 1928, and any objection or suggestion with regard thereto, which may be received by the undersigned before that date, will be duly considered.

No. 15R.—The 26th May 1928.—In exercise of the power conferred by section 42 of the Bengal Aerial Ropeways Act, 1923 (Bengal Act VII of 1923), the Government of Bengal (Ministry of Public Works) are pleased to make the following rules :—

Survey, construction, maintenance and working.

1. Whenever an aerial ropeway passes over a mining area the promoter shall acquire the subsoil right for the proper support of his trestles and stations.

2. For the purpose of section 15 (*1*) the promoter shall not enter into any building or compound of any enclosed garden attached to a dwelling house without the consent of the occupier thereof and without previously giving such occupier at least seven days' notice in writing of his intention to do so. The promoter shall tender payment for any damage done, and in the case of dispute as to the sufficiency of the amount so tendered he shall at once refer the dispute to the decision of the Collector.

3. Any damage done to private property by the promoter at the time of making surveys or doing all other acts necessary for constructing, maintaining, altering, repairing and using an aerial ropeway as contemplated in section 14 (*1*) (*a*) and (*f*) shall similarly be compensated by the promoter at the time of doing such damage.

4. The minimum clearance of a ropeway from the ground except within station limits shall be 12 feet, and such clearances over navigable rivers, canals and railways will be determined in each case by a reference to the authorities in charge of them.

5. Clearances over main roads having a width of not less than 10 feet shall not be less than 16 feet.

6. No ropeway shall be constructed unless every part excepting the anchorages of foundations has a factor of safety of at least 4 under the maximum conditions. For foundation anchorages it shall be sufficient if the moment of resistance of the foundation exceeds the overturning moments by 50 per cent. The factor of safety of 4 shall be obtained in the case of the rope by dividing the actual breaking load of the rope by the maximum direct tension to which it will be subjected.

7. Station gears, trestle sheaves and wire ropes shall be so designed and placed that lubrication can be performed safely whilst the ropeway is in motion.

8. All carriers shall be provided with appliances which will prevent them from discharging their contents, except at points where it is intended to discharge them.

9. For the purpose of giving signals on the ropeway the promoter shall instal telephones or other signals which will enable the ropeway to be stopped from any station.

10. When an aerial ropeway or any part thereof has been closed to any traffic it shall not be re-opened to such traffic until it has been inspected, and the inspection shall be made according to the procedure laid down in section 10.

11. Returns required under section 36 shall be submitted to the Local Government once a year.

12. Notices under this Act shall be served by registered post.

Duties of Inspector.

13. The Inspector will be the technical adviser to the Government of Bengal, and his duty shall be to inspect the ropeways at least once a year and to advise Government regarding works of public safety and convenience and the general working of the ropeways and such other matters as may be referred to him.

Accidents.

14. The following shall be deemed to be an accident within the meaning of section 20 (*c*):—

(*i*) derailment of a carrier beyond the station limits, which include the distance between the station and the first trestle on either side of a station,

(*ii*) displacement of carrier ropes from the trestle sheaves or saddle,

(*iii*) damage to trestles,

(*iv*) a carrier striking a trestle or other permanent object, and

(*v*) accidental tipping of buckets along the line.

Notice of such accidents shall be sent to the Local Government and to the Inspector.

15. Accidents of the nature described in section 20 (*a*) shall be jointly enquired into by a Committee consisting of the promoter's servants, a police officer, a Magistrate and the Inspector, and a report shall be submitted to Government by such Committee. When an accident of the nature as described in section 20 (*a*) has occurred it shall be the duty of the promoter's servants to afford medical aid to the sufferers and to see that they are properly and carefully attended to till they are removed to their homes or handed over to the care of their relatives or friends. The nearest local medical officer should be communicated with. When an enquiry is being made the promoter shall produce before the Committee all his servants whose evidence is likely to be required. Whenever the report of the Committee or of the Inspector points to the necessity for or suggests a change in any of the rules or in the system of working, the promoter shall, when acknowledging the report, intimate the action which has been taken or which it is proposed to take to prevent the recurrence of similar accidents.

Duties of Magistrates.

16. Whenever an accident of the nature described in section 20 (*a*) or 20 (*b*) has occurred in the course of working of an aerial ropeway the District Magistrate, or any other Magistrate who may be appointed in this behalf by the Local Government, may direct an investigation into the causes which led to the accident to be made by a subordinate Magistrate or by the police. When it is decided to make an enquiry the Magistrate or police officer so deputed shall proceed to the scene of the accident and conduct the enquiry there, and shall at once advise the promoter and the Inspector of the date and hour at which the enquiry will commence. The Magistrate or police officer may summon any of the promoter's servants and any other person whose presence he may think necessary, and after taking the evidence and completing the enquiry, shall forward a copy of the report to the promoter and to the Local Government.

Duties of police officers.

17. A police officer may make an investigation into the causes which led to any accident occurring in the course of the working of an aerial ropeway as contemplated in section 20 (*a*) or 20 (*b*), provided no such investigation is made when an enquiry has been commenced or ordered by the Magistrate.

Minister-in-charge: The Hon'ble Sir P. C. Mitter, Kt., C.I.E.

No. 16R.—The 26th May 1928.—In exercise of the power conferred by section 5 of the Bengal Aerial Ropeways Act, 1923 (Bengal Act VII of 1923), and in supersession of notification No. 7R., dated the 10th February 1928, as amended by notification No. 10R., dated the 12th March 1928, the Government of Bengal (Ministry of Public Works) are pleased to require the intending promoters of an aerial ropeway to submit the following maps, drawings, details and specifications for the full consideration of the proposal :—

1. A map of the alignment on a scale of 1 in 1000 showing in *red* the proposed alignment and details within 50 feet on either side of the

alignment, specifically showing the existing and abandoned mines, all railways, overhead cables, roads, dwelling-houses, canals, public embankments and other structures. The areas proposed to be acquired and the area proposed to be held under section 14 (*b*) and (*c*) of the Act shall also be shown on the map.

2. A profile of the ground plotted to a natural scale of 1 in 1000, showing loading, unloading, tension, angle, section and power stations, position and height of the trestles with the sag of the loaded rope and the clearance, in figures, of any permanent object proposed to be crossed by the ropeway and the position of protection bridges and of underground pillars in cases where the ropeway is proposed over a mine.

3. A skeleton drawing of stations and a drawing of a typical trestle, showing buckets and rope supports to a scale of not less than 1 in 25, dimensioned drawings of the buckets or carriers from the point of their suspension in the boxhead, and their cubic capacity.

4. A statement showing—

(1) the type of ropeway,
(2) whether the load will be carried one way or both ways,
(3) length of the ropeway with the length of each section if not in one length,
(4) difference in altitude of terminals and whether such difference is for or against the loads to be carried for each section,
(5) material to be carried,
(6) quantity per hour,
(7) individual bucket loads,
(8) weight of bucket and boxhead,
(9) cubic capacity of buckets,
(10) speed of rope,
(11) driving pull at rope,
(12) size of rope or ropes,
(13) construction of rope,
(14) actual breaking strength of rope or ropes,
(15) greatest tension on line,
(16) lowest factor of safety for the rope,
(17) size of tension ropes,
(18) actual breaking strength of tension ropes,
(19) tension in tension ropes,
(20) gauge of line,
(21) diameter of turn-back sheaves,
(22) clearance between buckets and trestles,
(23) maximum designed stress in structures and conditions governing same,
(24) ultimate resistance of steel employed,
(25) maximum stress in main shafts,
(26) unit pressure in main shaft bearings,
(27) wind pressure on ropes and buckets and on structures,
(28) weight of foundations for main anchorages with calculations and sketch giving the overturning and resisting moment of the foundations, and
(29) diameter and maximum unit pressure on trestle sheaves, or in the case of a bicable ropeway, on the supporting saddles.

5. An accurate estimate of the cost of construction and statements of estimated working expenses and profits and of maximum and minimum rates which it is proposed to charge.

6. Dimensioned drawings in triplicate of all protection bridges, with stress diagrams and calculations taking impact of falling buckets into account.

FOREST.

NOTIFICATIONS.

No. 10245For.—The 31st May 1928.—The following notification issued by the Government of India, Department of Education, Health and Lands, is republished for general information :—

No. 672F., dated Simla, the 17th May 1928.

Consequent on the grant of leave to Mr. J. Homfray, Officiating Conservator of Forests, Bengal, Mr. S. J. Curtis, Deputy Conservator of Forests, was appointed to officiate as a Conservator in that Presidency from the afternoon of the 17th April 1928 up to the 22nd April 1928, inclusive.

Mr. E. Benskin, Deputy Conservator of Forests, United Provinces, is appointed to officiate as a Conservator of Forests in Bengal, with effect from the forenoon of the 23rd April 1928, until further orders.

No. 10250For. -The 31st May 1928.—The following resolution published by the Government of India, Department of Education, Health and Lands, is republished for general information :—

No. 589, dated Simla, the 2nd May 1928.

In this department resolution No. 1083 F., dated the 13th September 1927, it was announced that, in order to give those students who had undergone, or were then undergoing, at their own expense, a course in Forestry in the United Kingdom, but had not yet taken the entrance examination for the Indian Forest Service and had, by reason of changes in the regulations governing recruitment to the Service, lost their chance of appearing as candidates at the examination, an opportunity of competing at the examination held in India, the Secretary of State in Council, in conjunction with the Government of India, had decided to admit to the Indian Forest Service entrance examination to be held in this country in 1928 candidates falling within any of the four classes named below :—

(*a*) Those who were not debarred by age from appearing at the competitive examination in 1926, *i.e.*, were under 23 then, but were too old to appear at the examination in 1927 by reason of being over 23 on 1st April 1927 ;

(*b*) Those who had obtained a decree or diploma in Forestry and were under 25 years of age on the 30th June 1926 ;

(*c*) Those who were qualified to take the examination in 1927 but did not do so, perhaps, on account of short notice and will be age-barred in 1928 ; and

(*d*) Those who, having obtained a diploma or degree in Forestry, were under 25 on the 30th June 1927.

The same authorities have now decided that all Indian students falling within the four classes specified above, who are unable to compete at the entrance examination for the Indian Forest Service to be held in India in 1928, by reason of their taking an examination in Great Britain or Ireland in the summer of this year, shall be allowed to compete at the examination to be held in India in 1929.

The area proposed to be reserved will form part of the Jaldi reserved forest, reserved by Government notification No. 3698For., dated the 8th December 1903. Area 2404·16 acres.

The Governor in Council is pleased to appoint the Settlement Officer of Chittagong to be the Forest Settlement Officer, who will, under the provisions of Chapter II of the Indian Forest Act, enquire into and determine the existence, nature and extent of any rights alleged to exist in favour of any person in or over any lands comprised within the boundaries specified above.

The Governor in Council is also pleased, under section 17 of the Indian Forest Act, to appoint the Collector of the Chittagong district to hear appeals from the decision of the Forest Settlement Officer as above appointed.

A plan of the land may be inspected in the office of the Settlement Officer, Chittagong.

No. 10287For.—The 31st May 1928.—Whereas the owners of more than two-thirds of the shares of the land described in the annexed schedule have, with a view to the conservation of the forests known as the Attiah Forests existing thereon, represented in writing their desire that the said lands be managed on their behalf by a Government Forest Officer as a reserved or a protected forest on terms which have been mutually agreed upon between the said owners and the Government of Bengal:

Now, therefore, in exercise of the power conferred by the penultimate paragraph of section 38 of the Indian Forest Act, 1927 (XVI of 1927), the Governor in Council is pleased to apply to the said lands the provisions of section 2 and sections 29 to 34 (both inclusive) of the said Act.

II. In exercise of the power conferred by the proviso to section 29 of the said Act, the Governor in Council is further pleased to declare the said lands to be a protected forest, but not so as to abridge or affect any existing rights of individuals or communities, which rights will be inquired into and recorded hereafter in such manner as the Governor in Council may think sufficient. This shall come into force with effect from the 15th June 1928.

EIGN AND POLITICAL DEPARTMENT.

NOTIFICATION.

Simla, the 22nd May 1928.

No. 310-H.—The following regulations, respecting Foreign Orders and Medals, which have been recently revised by Command of His Majesty the King-Emperor of India, are published for general information. These Regulations supersede those published in the Notification by the Government of India in the Foreign and Political Department, No. 431-H., dated the 13th September 1926.

A

Regulations respecting Foreign Orders and Medals applicable to persons in the Service of the Crown.

Orders.

1. NO person in the service of the Crown shall accept or wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either :

(*a*) By Warrant under the Royal Sign-Manual, or
(*b*) By restricted permission conveyed through the Keeper of His Majesty's Privy Purse.

2. When permission is given by Warrant under the Royal Sign-Manual, the Insignia of the Foreign Order may be worn at all times and without any restriction.

When restricted permission is given the Insignia may only be worn on the occasions specified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the Royal sanction.

3. Full and unrestricted permission by Warrant under the Royal Sign-Manual is contemplated in the following cases :—

For a Decoration conferred—

On an Officer in His Majesty's Naval, Military or Air Forces lent to a Foreign Government; on an Officer in His Majesty's Naval, Military or Air Forces attached by His Majesty's Government to a Foreign Navy, Army or Air Force during hostilities; or on any British Official lent to a Foreign Government and not in receipt of any emoluments from British public funds during the period of such loan.

4. Restricted permission is particularly contemplated for Decorations which have been conferred in recognition of personal attention to a foreign Sovereign, the Head of a Foreign State, or a member of a foreign Royal Family, and which are therefore of a more or less complimentary character, but will also be granted for Decorations conferred on other exceptional occasions when in the public interest it is deemed expedient that they should be accepted.

5. Restricted permission will generally be given for Decorations conferred in the following cases, but, as indicated in the preceding paragraph, will not necessarily be limited to these cases :—

(1) On British Ambassadors or Ministers abroad when the King pays a State visit to the country to which they are accredited;

(*Note.*—A State visit is defined as one on which the King is accompanied by a Minister or High Official in attendance.)

(2) On Members of Deputations of British Regiments to Foreign Heads of States;

(3) On Members of Special Missions when the King is represented at a Foreign Coronation, Wedding, Funeral, or similar occasion; or on any Diplomatic Representative when specially accredited to represent His Majesty on such occasions (but not on the members of his Staff).

Restricted permission will *not* be given to—

(*a*) British Ambassadors or Ministers abroad when leaving, except on final retirement from His Majesty's Diplomatic Service and in respect of a decoration offered by the Head of State to whom they were last accredited;
(*b*) British Officers attending Foreign Manœuvres;
(*c*) Naval Officers of British Squadrons visiting Foreign Waters

6. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall b

under no obligation to consider applications for permission unless the desire of the Head of a Foreign State to confer upon a British subject the Insignia of an order is notified to him before the Order is conferred, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic Representative of the latter at the Court of St. James.

7. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette."

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

8. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

Medals.

9. Medals, with the exceptions specified below, and State decorations not carrying membership of an Order of Chivalry, are subject to the Regulations in the same manner as Orders, but permission is given by Letter and not by Royal Warrant.

10. Medals for saving or attempting to save life at sea or on land, whether conferred on behalf of the Head or Government of a Foreign State or by private Life Saving Societies or Institutions, may be accepted and worn without His Majesty's special permission;

Subject, however, in the case of members of His Majesty's Naval, Military or Air Forces, to any restrictions imposed by the King's Regulations for those Services as to the wearing of such medals with uniform.

Applications for His Majesty's permission to wear other Medals conferred by Private Societies or Institutions and Commemorative Medals cannot be entertained.

11. The King's unrestricted permission to accept and wear a Foreign War Medal will only be given to (1) Members of His Majesty's Naval, Military or Air Forces if serving with a Foreign Army, Navy or Air Force with His Majesty's licence, and (2) Military, Naval or Air Attachés or Officers and other ranks and ratings officially attached to Foreign Armies, Navies or Air Forces during hostilities.

12. In exceptional cases, when for special reasons it is deemed expedient that the acceptance of the medal should not be declined, His Majesty will grant restricted permission. Such cases will be judged on their merits, and the circumstances in which the Medal may be worn will be specified in the Letter conveying His Majesty's permission.

General.

13. Ladies are subject to the Regulations in all respects in the same manner as men.

B

Regulations respecting Foreign Orders and Medals applicable to Persons NOT in the Service of the Crown.

Orders.

1. NO subject of His Majesty shall accept or wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either:

(*a*) By Warrant under the Royal Sign-Manual, or
(*b*) By restricted permission conveyed through the Keeper of His Majesty's Privy Purse.

2. When permission is given by Warrant under the Royal Sign-Manual, the Insignia the Foreign Order may be worn at all times and without any restriction.

When restricted permission is given the Insignia may only be worn on the occasions edified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the [illegible] sanction.

3. The full and unrestricted permission by Warrant under the Royal Sign-Manual is designed to meet cases in which the Decoration has been earned by valuable service rendered to the Head of the State conferring it, or to the State itself. Such service must have been both of manifest and substantial value to the Head of the State or State concerned and not inconsistent with British interest; and must have been rendered within the period of five years immediately preceding the notification of the Decoration to His Majesty's Government as prescribed under Rule 5.

4. Restricted permission is particularly contemplated for Decorations which have been conferred in recognition of personal attention to a foreign Sovereign, the Head of a Foreign State, or a member of a foreign Royal Family, and which are therefore of a more or less complimentary character, but will also be granted for Decorations conferred on other exceptional occasions, in the case of services of manifest and substantial value when not rendered direct to the Foreign State, or when in the public interest it is deemed expedient that they should be accepted.

Restricted permission will not be granted in the case of Decorations conferred for services rendered more than five years previously.

5. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall be under no obligation to consider applications for permission unless the desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order is notified to him before the Order is conferred, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic Representative of the latter at the Court of St. James.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette."

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*s*.

7. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

Medals.

8. Medals, with the exceptions specified below, and State decorations not carrying membership of an Order of Chivalry, are subject to the Regulations in the same manner as Orders, but permission to wear is given by Letter and not by Royal Warrant. No permission is needed to accept a Foreign Medal if it is not to be worn.

9. Medals for saving or attempting to save life at sea or on land, whether conferred on behalf of the Head or Government of a Foreign State or by private Life Saving Societies or Institutions, may be accepted and worn without His Majesty's special permission.

Application for His Majesty's permission to wear other Medals conferred by Private Societies or Institutions, and Commemorative Medals, cannot be entertained.

10. His Majesty will not grant permission to wear any Foreign War Medal if the person on whom it is to be or has been conferred was during the war acting in contravention of the Foreign Enlistment Act.

General.

11. Ladies are subject to the Regulations in all respects in the same manner as men.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 1160L., dated Darjeeling, the 1st June, 1928.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information :—

THE DACCA UNIVERSITY (AMENDMENT) BILL, 1928.

BILL

further to amend the Dacca University Act, 1920.

WHEREAS it is expedient further to amend the Dacca University Act, 1920, in the manner hereinafter appearing; XVIII of 1920.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Dacca University (Amendment) Act, 1928.

Amendment of section 2 of Act XVIII of 1920.

2. In clause (*g*) of section 2 of the Dacca University Act, 1920 (hereinafter referred to as the said Act), for the words "and Lecturers" the words "Lecturers and Assistant Lecturers" shall be substituted.

Amendment of section 4.

3. In section 4 of the said Act,—

(*1*) in sub-clause (*a*) of clause (*2*) for the word "in" the words "provided by" shall be substituted; and

(*2*) in clause (*4*) for the word "members" the word "students" shall be substituted.

Amendment of section 6.

4. (*1*) In sub-section (*1*) of section 6 of the said Act,—

(*a*) for the words "laboratory work" the words "work in the laboratories or workshops" shall be substituted;

(*b*) the words "in the University" shall be omitted; and

(*c*) for the words "in accordance with any syllabus prescribed by the Regulations" the words "in the manner provided by the Ordinances" shall be substituted.

(*2*) For sub-section (*4*) of the same section, the following sub-section shall be substituted, namely:—

"(*4*) Recognised teaching shall be supplemented by tutorial instruction given in accordance with the conditions provided by the Ordinances and Regulations."

Amendment of section 20.

5. In the proviso to clause (*c*) of section 20 of the said Act, for the words "otherwise than on the recommendation of the Academic Council" the words "without consulting the Academic Council" shall be substituted.

Amendment of section 28.

6. After clause (*a*) of section 28 of the said Act, the following clauses shall be inserted, namely:—

(*aa*) the manner in which the lecturing, work in the laboratories or workshops and other teaching referred to in sub-section (*1*) of section 6 shall be conducted;

(*aaa*) the conditions in accordance with which the tutorial instruction referred to in sub-section (*4*) of section 6 shall be given.

Amendment of section 32.

7. For clause (*b*) of section 32 of the said Act, the following clause shall be substituted, namely:—

"(*b*) the Salimullah Muslim Hall."

STATEMENT OF OBJECTS AND REASONS.

After six years' experience of the working of the Dacca University Act, the authorities of the University have suggested that it should be amended on certain points. On a consideration of the suggestions put forward, the present amending Bill has been prepared. The most important amendment is in clause 5, which makes it clear that the final word about fees to be paid to examiners and the emoluments of teachers shall rest not with the Academic Council but with the Executive Council. This was certainly the opinion of the Calcutta University Commission, and is eminently reasonable when it is remembered that responsibility for finance rests with the latter body. The amendments in clauses 3, 4 and 6 will enable the University to recognise teaching given by teachers in the Dacca Training College, the Engineering School or other similar schools. Clause 7 is framed to associate the name of the late Nawab of Dacca with the University.

RESOLUTION—No. 10072 L. R.

READ—

The Survey and Settlement Reports for the year ending the 30th September, 1927.

As usual, the Director, Eastern Circle, Survey of India, inspected the traverse work carried on in this Presidency, and both he and the Officer-in-charge of the Photo-Litho office inspected the Bengal Drawing Office and made some valuable suggestions for improvement in the drawing and typing of the maps and their reproduction. The Director, Eastern Circle, also gave valuable assistance and advice in connection with the survey of a forest area in Chittagong from the air. The Governor in Council has noticed with pleasure that these officers of the Survey of India were satisfied with the work done by the Survey Department of the Local Government.

2. Traverse survey was done in an area of 684 sq. miles in the 24-Parganas and 738 sq. miles in Burdwan. The area under survey in the 24-Parganas was in the neighbourhood of Calcutta. In one portion it was very congested, and in another portion it included the salt lake and several other large *bils*. There were eighteen municipalities within this block covering about 77 sq. miles, some of which were thickly populated or were full of gardens, and consequently required a large amount of detailed traversing. The area surveyed in Burdwan was, on the other hand, open, and offered no special difficulties.

3. The most interesting item of survey work during the year was the survey carried out from the air of a forest area in Chittagong by the Air Survey Company. This was a new venture, but its result was tested by the Survey of India and was found to be quite satisfactory.

4. The major settlement operations in Nadia were brought to a close and those in Khulna and Pabna-Bogra were practically finished during the year under report. The operations in Murshidabad-Birbhum and in the 24-Parganas were in full swing with all stages of work in progress. The former settlement has got through an unusually heavy programme with efficiency and despatch, while the latter, in spite of the exceptionally large number of plots per square mile, made satisfactory progress in almost all branches of work.

5. The total area of which a record-of-rights has been prepared is now 48,366 sq. miles out of 66,498 sq. miles in the Presidency to which the Bengal Tenancy Act applies. The settlement maps and records continued to prove of assistance to the various departments of administration which used them, and their popularity with the public was evidenced by the increased number of sales of *khatians* and village-maps during the year.

6. Mr. A. K. Jameson, I.C.S., was in charge of the Departments throughout the year, except for a short period from 1st to 29th October, when Khan Bahadur M. A. Momen officiated in his place. The Governor in Council has much pleasure in acknowledging the efficiency and care with which both officers have managed the two Departments under their control and the comprehensive and interesting report submitted by Mr. Jameson. His Excellency in Council is also pleased to direct that the good work done by the Survey Officers, Messrs. C. A. O'Donel, I. Newton and H. H. Creed, and Settlement Officers, Messrs. J. B. Kindersley, B. E. J. Burge, K. A. L. Hill and Rai B. B. Mukharji Bahadur, as also by the other officers mentioned in the concluding paragraphs of the Survey and Settlement Reports be noted.

Order—Ordered that this Resolution be published in the Gazette.

By order of the Governor in Council,

W. H. NELSON,

Secretary to the Government of Bengal (offg.).

TOURS OF INSPECTION BY DISTRICT AND SUBDIVISIONAL OFFICERS.

GOVERNMENT OF BENGAL.

APPOINTMENT DEPARTMENT.

Appointment.

CALCUTTA, THE 1ST JUNE 1928.

RESOLUTION—No. 5339A.

READ—

Resolution of this Government in the General Department No. 398 T.-G., dated the 17th October 1891.

Resolution of this Government in the Appointment Department, No. 176 A., dated the 10th January 1916.

Letter No. 4849 R., dated the 19th December 1927, from the Commissioner of the Dacca Division.

The Governor in Council understands that some doubt prevails as to the number of days which District and Subdivisional Officers are expected to spend on tour in their respective charges, in view of the fact that the orders issued in Appointment Department Resolution No. 176A., dated the 10th January 1916, were declared to be in supersession of all previous orders and did not actually prescribe the minimum number of days a District Officer or Subdivisional Officer was required to be on tour during a year.

2. Recent changes in the administration have undoubtedly altered the nature of the work to be done on tour by District and Subdivisional Officers, as except in a very few cases they are no longer responsible for the work of district and local boards. But in the opinion of the Governor in Council it is essential that these officers shall acquire by regular touring an intimate personal knowledge of the requirements of the areas of which they are in executive charge and afford the inhabitants an opportunity of making their needs known to the local representative of the executive Government. Further, in the interests of the gradual development of self-governing institutions, it is essential that District and Subdivisional Officers shall take an interest in the work of union boards and other units of self-government whether in villages or in towns, and shall assist with advice and encouragement educational, co-operative and other institutions of a similar nature.

3. For these duties and for the various official inspections which every executive officer is bound by rule to make, the Governor in Council considers it essential that District and Subdivisional Officers shall spend a considerable time away from their headquarters each year. Therefore, while making no change in the general principles laid down in Resolution No 176 A., dated the 10th January 1916, for the guidance of touring officers, he considers it desirable to lay it down explicitly that District and Subdivisional Officers are expected to spend at least 90 days in the year on tour in their respective areas of administration.

ORDER—Ordered that this resolution be published in the *Calcutta Gazette* for general information.

Ordered also that a copy be forwarded to the officers concerned for information and guidance: also that a copy be forwarded to the Board of Revenue and to the other Departments of this Government for information.

By order of the Governor in Council,

W. D. R. PRENTICE,

Chief Secretary to the Government of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 30th May 1928.

Summary.—During the week the rainfall was generally light to moderate. Sowing of jute and paddy is nearly finished in East and North Bengal, while the operation continues under favourable conditions in West Bengal. Weeding of autumn crops and preparatory tillage for and sowing of broadcast winter paddy are progressing favourably in Eastern Bengal districts. Distress continues to prevail in parts of Nadia, Murshidabad, Birbhum, Bankura, Dinajpur and Malda, where the number of persons employed on test relief works was 66, 2,045, 2,055, 678, 11,704 and 4,012, respectively. The average price of common rice for the province has risen by about 0·27 per cent. as compared with that of the previous week.

POLITICAL.

NOTIFICATION.

No. 7382P.—The 24th May 1928.—The Governor in Council has heard with deep regret of the death on the 22nd May 1928, at his Calcutta residence, of the Honourable Maharaja Kshaunish Chandra Ray Bahadur, of Nadia, Vice-President of the Executive Council, Bengal.

A member of one of the oldest aristocratic families in Bengal, Kshaunish Chandra Ray was born in October 1890, and was the only son of the late Maharaja Kshitis Chandra Ray Bahadur, of Nadia. He was educated privately and succeeded to the estate on the death of his father in August 1910. He was created a Maharaja at the Coronation Durbar at Delhi in 1911, and a Maharaja Bahadur in 1917. In 1920, he was elected the first non-official Chairman of the District Board of Nadia, and in the same year was returned as member of the first reformed Bengal Legislative Council from the non-Muhammadan constituency of Nadia. In August 1924, he was appointed a Member of the Bengal Executive Council, and held this office up till the time of his death.

The Governor in Council desires to record his high appreciation of the services rendered to the State by the late Maharaja Kshaunish Chandra Ray Bahadur, of Nadia, and to express his deep sympathy with the Maharani and family in their great loss.

Chief Secretary to the Government of Bengal (offg.).

NOTIFICATION.

No. 5325A.—The 7th June 1928.—The following provisional rules to regulate the recruitment by examination of certain of the provincial and other services in Bengal during 1928 are published for general information. Separate announcements will be made of the dates and place of the examination :—

RULES.

1. **Extent of application.**—These rules apply to the direct recruitment of the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

2. **Method of direct recruitment.**—Direct recruitment for these services will be made on the results of a competitive examination, but Government reserve the right to appoint by nomination from the list of qualified examinees individual candidates belonging to the backward classes as enumerated on page 189, Part I of the Report of the Calcutta University Commission and to the Anglo-Indian, Indian Christian and Buddhist communities and other minorities if the results of the examination fail to secure the representation of such classes or communities, and in the case of the Upper Division of the Secretariat Clerical Service to fill European and Anglo-Indian vacancies by selection from outside the list. The head of an office in the Bengal Secretariat also retains the power to appoint men of special ability or aptitude to any post in the office when, on account of the special requirements of the post or other exceptional circumstances, the post cannot be filled in the ordinary way.

3. **Choice of Service.**—Each candidate for direct recruitment will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and the choice thus indicated will be final. Appointments will be assigned to successful competitors with due consideration of their choice and the number of vacancies in the various services.

4. **Communal representation.**—The examination board will submit to Government separate lists showing (*a*) the Muhammadan candidates, (*b*) the candidates belonging to the backward classes and other minorities, and (*c*) all others. Appointments will be made from these lists in the order of merit of the candidates, subject to the following provisions :—

Government reserve the right to nominate any qualified candidate in list (*b*).

In services other than the Upper Division of the Secretariat Clerical Service Government reserve the right to fill as many as 45 per cent. of the vacancies by the appointment of Muhammadan candidates if there are qualified candidates available. In the Upper Division of the Secretariat Clerical Service the minimum proportion of Muhammadans is secured by appointing a Muhammadan to every third vacancy in each office if a qualified candidate is available.

5. **Notification of vacancies.**—The number of appointments to be made to these services will be notified as soon as possible after the 1st July. The examination will be held towards the end of the year.

6. **Application for admission to whom addressed.**—A person desiring to be admitted to the examination shall apply, before such date as the Governor in Council may prescribe, to the head of the college from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. A candidate who passed the examination as a non-collegiate student shall send in his application to the Registrar, Calcutta University, together with a certificate of character signed by the Principal of his college if he was connected with one, and by the Magistrate of the district in which he is resident, in other cases; candidates from the Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal :

Provided that in no case shall a candidate apply to more than one of these authorities, and that such application shall always be made through their Durbars by persons resident in a State in India.

7. **Time and manner of application.**—Applications shall be made, before such date as the Governor in Council may prescribe, in the form shown in Schedule I, copies of which may be obtained from the heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.

8. **Application fee.**—No application will be taken into consideration by the nominating authority, unless it is accompanied by non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not. Applications stamped with postage stamps will not be accepted.

9. **Selection Committee.**—The Governor in Council will appoint a Selection Committee. This Committee will be composed of officials and non-officials in equal numbers and will be presided over by a high officer of Government.

10. **Nomination.**—The heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction, Bengal, shall forward to the Selection Committee, before such date as the Governor in Council may prescribe, the applications of candidates nominated in accordance with the allotment of nominations

shown in Schedule II and shall certify the moral character of each candidate so nominated. The application of a non-collegiate student nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in rule 6. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service.

11. **Selection certificates.**—In order to make the appraisement of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate:

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of candidates of backward classes and other minorities and shall call for further nominations from the heads of colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach 45 per cent. of the total number selected.

12. **Conditions of eligibility.**—The indispensable qualifications of a candidate are—

(*a*) that he is a native of the province or has a permanent domicile within the province;

(*b*) that he is a natural born subject of His Majesty or of an Indian State;

(*c*) that he is more than 22 and less than 25 years of age on the 1st August of the year in which the examination is held;

(*d*) that he is a graduate;

(*e*) that he is of good character; and

(*f*) that he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

Along with his application a candidate shall submit proof of his age and domicile and certificates from two responsible persons, unconnected with his College or University and not related to him, testifying to his private character. Such certificates must have been written not more than one year prior to the date of application.

13. **Particulars of candidates.**—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquiries regarding their character and domicile.

14. **Eligibility of Government servants.**—Unless especially excepted by Government by general or special order, candidates holding substantive appointments in Government service will be debarred from appearing at the examination. Whenever such exception is made, the candidate will be subject to selection by the Selection Committee as if he were duly nominated under rule 10 of these rules.

15. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

16. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement the candidates will receive from the Secretary a time-table for the examination.

17. **Syllabus of examination and marks.**—The examination will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition for appointment, candidates whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below:—

(*i*) Bengali, (*iii*) Urdu,
(*ii*) Hindi, (*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

18. **Medical examination.**—As soon as the result of the examination has been declared, successful candidates will be required to appear before a Medical Board for a certificate of their fitness for Government service in the form shown in Schedule IV. Regulations as to the physical examination are given in the schedule and intending candidates are advised before they apply under rule 6 for admission to the examination, to satisfy themselves that they are likely to qualify as physically fit under these regulations. For recent experience has shown that about one-third of the candidates who qualify at the competitive examination are subsequently rejected by the Medical Board as unfit.

SCHEDULE III.

(*See* rule 17.)

Syllabus for the competitive examination for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

	Maximum marks.
I. Compulsory subjects—	
1. (*a*) Translation from English into Bengali, Hindi, Urdu, Nepali, French or German	100
(*b*) Translation from Bengali, Hindi, Urdu, Nepali, French or German into English	100
2. English Composition	200
3. Elementary Mathematics (chiefly problems) ..	200
4. General paper	200
Total ..	800

Students whose ordinary spoken and written language is not Bengali will be required to take up translation from one of the four Indian vernaculars mentioned above (*viz.*, Bengali, Hindi, Urdu, Nepali) into English and *vice versa*. Only those whose spoken and written language is Bengali are allowed to take up French or German in the compulsory subjects.

There will be one paper in each of the compulsory subjects. No candidate will be considered for an appointment unless he secures 33⅓ per cent. of the marks in each of the first two compulsory subjects, and if he fails to secure 25 per cent. of the marks in any of the other two compulsory subjects he will score no marks in that subject.

		Maximum marks.
II.— Optional subjects—		
Any two or more of the following : provided that the total number of marks obtainable under this head must not exceed 600.		
1. English Literature	....	300
(*a*) General History of English Literature	150	
(*b*) English Literature from 1832 to the present day	150

(*i*) There will be two papers in each of the optional subjects 1-13 with a practical examination in Physics, Chemistry, Botany, Geology, Physiology and Zoology. There will be one paper only in each of the remaining subjects.

(*ii*) If a candidate fails to secure 25 per cent. of the marks in any one of the optional subjects selected he shall score no marks in that subject.

(*iii*) Candidates will also be liable to undergo a *viva voce* examination if so required by the examiners.

(*iv*) In awarding marks in all the subjects the candidate's knowledge of English, as shown by the answers, will be taken into account.

(*v*) Ten per cent. of the marks obtained in any paper will be subject to deduction for bad writing and untidiness.

(*vi*) The following details may prove helpful to a candidate as indicating the standard and nature of the examination:—

I.—COMPULSORY SUBJECTS.

1.—Translation and Retranslation.

The examination will be directed to test not the extent of the candidate's knowledge of any literature (English, Bengali, Hindi, Urdu, Nepali, French or German), but only facility in rendering from one language into another with reasonable accuracy and elegance. In the case of candidates whose ordinary written and spoken language is not Bengali the tests in this paper will be equivalent to the tests in the subject prescribed in the rules for the lower standard of the Departmental Examination in Bengali for Civil officers, and such candidates will after appointment and before confirmation be required to pass the Departmental Examination by the higher standard in Bengali.

2.—English Composition.

Questions will be set to test the candidate's power of writing clear and expressive English. They will include letter-writing on given subjects, the rapid summarisation of the subject matter of passages in prose of about 500-600 words in length and the detailed paraphrase of poetry.

The general standard of the subject matter will be that of the pass B.A. degree of an Indian University.

3.—Elementary Mathematics.

Vulgar and Decimal Fractions. Ratio and Proportion. Areas and Volumes of Simple Figures and Solids. Percentages. Simple Interest. Easy Factors. Simple Equations. Graphs of Simple Equations and of Sets of Data. Elementary Geometry of the Straight Line, Triangle and Circle

The paper will consist largely of Problems with Arithmatical Data.

4.—General Paper.

Questions will be set on current topics, general history or similar subjects with which an educated candidate should be acquainted.

II.—OPTIONAL SUBJECTS.

1.—English Literature.

(*a*) General history of English literature. Questions will be set to test the candidate's knowledge of the more important works of the greater writers from (and including) Chaucer to the present day.

(*b*) English literature from 1832 to the present day. Candidates will be expected to know the work of the greater writers of the age, and to be able to understand such literature in relation to the main social and historical developments of the age.

Note.—In either paper, questions on the history of literary forms, style and prosody will not be excluded.

2.—Mathematics.

(a) Pure.

(*i*) *Algebra.*

Binomial theorem.
Convergency, divergency, and summation of series.
Variation.
Theory of limits.
Inequalities.
Continued fractions.
Determinants.
Elementary theory of equations including the approximate solution of numerical equations.

(*ii*) *Geometry.*

Geometry of the triangle, circle and conic sections.
Analytical Geometry of the straight line and conic sections.
Trigonometry: circular and hyperbolic functions: properties of triangles: summation of series: De Moivre's theorem: factorisation: expansion of the circular and hyperbolic functions in series.
Geometry of three dimensions: plane straight line: conicoids: sections: generating lines of conicoids: curvature of surfaces.

(*iii*) *Differential and integral calculus.*

Theory of limits: differentiation: maxima and minima: summation of series: partial differentiaton: integration: definite integrals: reduction formulæ: differential equation of the first and second orders: Fourier's series: applications to the geometry of curves.

(b) Mixed.

(*i*) *Statics.*

Statics of single particle.
Statics of systems of particles.
Friction.
Centre of mass.
Principle of virtual work.
Equilibrium of strings.
Machines.

(*ii*) *Dynamics of a particle.*

Velocity, acceleration, laws of motion.
Projectiles.
Impact.
Work and energy.
Motion of a particle in a plane under the influence of forces: orbits.

(*iii*) *Hydrostatics.*

Fluid pressure: centre of pressure on curved surfaces.
Conditions of equilibrium of a floating body.
Theory of the Metacentre.
Hydraulic and pneumatic machines.

(*iv*) *Astronomy.*

Elementary spherical trigonometry: refraction: parallax: precession: nutation: aberration: the sun and the moon: eclipses: measurement of time: the equation of time: determination of latitude and longitude: sextant: the principal instruments in an observatory: descriptive discussion of the principal constellations: comets: nebulas.

3.—Physics.

(a) General, Heat and Light.

(i) General Properties of matter.

Gravitation, elasticity, viscosity, surface tension, Kinetic theory of gases.

(ii) Heat.

Thermometry, expansion, calorimetry, change of state, conduction, radiation, thermodynamics.

(iii) Light.

Reflection and refraction, dispersion and chromatic aberration, spherical aberration, optical instruments, velocity of light, the spectrum, interference, diffraction and polarisation.

(b) Magnetism and Electricity.

The electrostatic field, conduction, condensers, specific inductive capacity, magnetism permanent and induced, electric currents, magnetic force due to currents, electromagnetic induction, electrolysis, heating effects, thermo electricity, discharge of electricity through gases, radioactivity, structure of the atom.

(c) Practical.

The practical examination involves experimental work ranging over the above syllabus.

The standard is indicated by the following text books:—

General Properties of Matter	} Poynting and Tomson.
Heat	
Light	Preston.
Magnetism and Electricity	J. J. Thomson.

4. Chemistry.

(a), (b) and (c) Inorganic, Organic and Practical.

Kinetic Theory of Molecules and its applications; Dalton's Atomic theory; Atomic and molecular weights; Structural Chemistry and Stereo-isomerism; Periodic Law; Radio activity and modern views regarding the constitution of matter. Laws of true solution; Colloidial solution; Ionic theory and its applications. Conditions of Chemical equilibrium in a homogeneous and a heterogenous system; Rate of chemical transformation; Catalysis. Phase rule and its application to one and two component systems. Nature of energy and its transformation in Thermo Chemical and Electro Chemical reactions.

The common elements and their important compounds; the inert gases; complex inorganic amines and cyanides. Manufacture of the common industrial products—organic and inorganic—with special reference to Indian conditions. The following organic compounds and their simple derivatives:—methane and ethane: ethylene and acetylene; benzene, toluene, anthracene, pyridine and napthalene, methyl, ethyl and propyl, alcohol, ethyl acetoacetate and ethyl malonate; lectic, oxalic, malonic, succinic, malic, tartaric and citric acids; fumaric and maleric acids, glycerol and urea. Chemistry of esters, ethers, amines, carbohydrates, cyanogen, derivatives, diazo, and Azocompounds. Application of catalysts and organometallic compounds in organic synthesis; Composition, Purification and Analysis of organic compounds.

Qualitative analysis of a sample containing four inorganic radicals; identification of a common organic compound; simple gravimetric and volumetric estimation.

5.—Classical languages.

(i) Latin.

(a) Translation.

The paper shall consist of (*a*) passages for translation from Cicero or Cæsar, and Virgil or Lucretius, (*b*) a passage or passages from one or more of the following—Livy, Tacitus, Horace, (*c*) a piece of English prose for translation into Latin. 150 marks of which 75 shall be given to (*c*).

(b) Language, Literature and Grammar.

The paper shall consist of questions on Accidence, Syntax, Latin philology and literature, Roman History, the geography and organisation of the Empire.

A choice of questions shall be allowed

(ii) Greek.

(*a*) *Translation.*

The paper shall consist of (*a*) passages for translation from Homer and Demosthenes, (*b*) a passage or passages from one or more of the following—Thucydides (excluding speeches), Euripides (excluding choruses), Xenophon, Plato, (*c*) a piece of English prose for translation into Greek. 150 marks of which 75 shall be given to (*c*).

(*b*) *Language, Literature and Grammar.*

The paper shall consist of questions on Accidence, Syntax, the development of the literature in its chief forms, the contributions of the Greeks to the development of civilisation, history and geography.

A choice of questions shall be allowed.

(iii) Sanskrit.

(*a*) *Translation*; (*b*) *Language, Literature and Grammar.*

The object of the examination will be more to draw out what a candidate knows than to test his knowledge. It is not expected that he should be an expert or a specialist in any branch of Sanskrit Literature, but he should have a grasp of both the language and Literature, Vedic and Classical.

He should have a general knowledge of Sanskrit Grammar, Vedic and Classical. This knowledge will be tested not by asking him to quote rules, but by their application to language.

He will be required to translate easy passages in English from Vedic or Classical Sanskrit Literature, but not from commentaries. He may be asked to compose in Sanskrit, to write an essay in Sanskrit, to summarise a given passage in English or Sanskrit and to translate into either language.

(iv) Arabic.

(*a*) *Translation.*

(*i*) From English into Arabic and (*ii*) from Arabic into English.

(*b*) *Language, Literature and Grammar.*

Muhammadan civilisation including—

(*i*) History and (*ii*) Literature.

(*i*) The outline of *Muhammadan History* from the beginning of Islam up to the fall of the Abbasides of Baghdad in the middle of 13th century A.D.

(*ii*) A general knowledge of the History of *Arabic Literature*. Grammar according to modern method and elements of Arabic prosody and Rhetoric.

(v) Persian.

(*a*) *Translation.*

All translation will as far as practicable be from and into the present day language of Iran.

(*b*) *Language, Literature and Grammar.*

Candidates must possess a fair knowledge of the general outlines of the literary history of Persia with special study of a particular period, *e.g.*, the Ghaznavi and Saljugi period, and first-hand knowledge of a few selected authors, such as Firdausi, Unsuri, Minuchihri, Anvari, Naisr-i-Khisran, Khayyam, etc. Questions on grammar shall demand from the candidates not mere cramming and reproduction from memory but intelligent practical application of the grammatical rules, requiring some discrimination.

(vi) Pali.

(*a*) *Translation.*

(*i*) Passages prose and verse of moderate difficulty for translation from Pali into English.

(*ii*) A passage of moderate difficulty for translation from Engish into Pali.

(*b*) *Language, Literature and Grammar.*

1. Knowledge of literature will include—

(*i*) A knowledge of canonical literature and commentaries as well as literature outside the canon;

(*ii*) History of Buddhism from its rise to the 7th century A.D.

(*iii*) Indian civilisation as depicted in the canonical Pali literature; and

(*iv*) [illegible] the time of the rise of Buddhism.

2. The questions on language and grammar will include—

(*a*) Elementary knowledge of Sanskrit grammar;

(*b*) Elementary knowledge of the principles of comparative philology; and

(*c*) Knowledge of Indian inscriptions from the earliest times to the 2nd century A. D.

A fairly wide choice of questions will be given.

(vii) Urdu.

(*a*) *Translation.*

(*i*) From English into Urdu and (*ii*) from Urdu into English.

(*b*) *Language, Literature and Grammar.*

(*i*) A general knowledge of the history of Urdu language and literature.

(*ii*) Grammar according to modern method and elements of Urdu Prosody and Rhetoric.

6.—History.

(a) Indian History.

A knowledge of Ancient, Mediæval and modern India will be required. The main stress will be laid on the period 1500-1920 A.D. Sketch historical maps will be required of candidates. A knowledge of political, military and economic history will be demanded as also of modern constitutional development. The broad outlines of religious and cultural history should be known; also the history of foreign countries, so far as it directly affected the history of India.

(b) English and European History.

The main stress in this paper will be laid on English History, knowledge of European History being only required in so far as it more or less directly links up with English History. Chief importance will be attached to the period 1500-1920 A.D. Political, military, cultural, economic and constitutional history will also be required. Sketch maps will be essential. The growth and history of the British Empire should be known.

7.—Philosophy.

(a) Metaphysics and Ethics.

Definition and Province. Relation of Ethics and Metaphysics to cognate subjects. Methods of Metaphysics and Ethics. *A priori* and *a posteriori* Theories. Discussion of the principal Categories of knowledge. Relation of the Finite to the Infinite, the Conditioned to the Unconditioned, etc. The influence of Evolution on Metaphysical and Ethical Thought. Leading Theories of the Constitution of the World. Naturalism and Idealism. Theories of the nature of the Soul and its relation to the Body. The idea of the Self. The idea of God. Relation of God to the World and the Soul. Immanence and Transcendence, Agnosticism, Scepticism, Pantheism, Theism, Immortality, Optimism and Pessimism.

The moral Consciousness, Postulates of Morality, Human Freedom, Moral Obligation, Ethical Standards. Individual and Society. The Social Organism. Duties and Virtues. Theories of Punishment. The nature of Moral Progress.

(Candidates will be expected to possess a general knowledge of the history of Metaphysics and Ethics, both Eastern and Western, ancient and modern.)

(b) Psychology.

Scope and Province. Relation of Psychology to cognate subjects. Methods of Psychology. Varieties of Psychological Study. Relation of Mind to Body. Consciousness and Subconscious. Suggestion. Mental processes. Sensation and its Organic Basis. Perception. Ideation. Memory and Imagination. Judgment. The Development of the Categories. Reasoning. Belief. The Growth of the Conception of the Self. The Various Selves. Feelings and Emotions. The Psychology of Will. Group Psychology. Social Psychology.

(Students are expected to possess a general knowledge of the history of Psychological Theory.)

8.—Economics.

(a) Political Economy; (b) Economic History and application to India.

Political Economy.—This subject will include the Organization of Production; theories of consumption, Value, Monopoly and Distribution; the problems of Population, Labour and Industrial Peace; the theories of Money, Prices, Credit and Banking; the mechanism and theory of international Trade and Foreign Exchange; the principles of Public Finance.

Candidates will be expected to show familiarity with the economic conditions and development of India, and to be able to apply the principles of Political Economy to Indian conditions.

They are also expected to have some knowledge of the industrial history of England.

9.—Botany.

(a) and (b) Theoretical Course.

Scope of Botany. Difference between plant and animal. Outlines of the modern systems of classification.

Vegetable cell. Cell contents, Cell division, Tissues and tissue systems.

Morphology (including histology) and Life history of Algæ (*chroococcus*, a desmid, *Spirogyra*, *Ulothrix*, *Vaucheria*, *and Chara*). Fungi (Yeast, *Mucor*, *Peronospora*), Muscineæ (a moss plant, *Marchantia*), Pteridophyta (a fern, *Lycopodium Sellaginella* and *Equisetum*) and *Gymnospermia* (*Cycas-Pinus*).

General morphology, histology and life history of Angiosperms. Physiology of plants including the principal experiments. Outlines of the ecology of plants with special reference to the conditions of Bengal.

Distribution of plants in time and space.

A knowledge of the systematic position, morphological characters, use and cultivation of the more common economical plants of Bengal (viz., rice, and other cereals, pulses, common vegetables, fruit trees, sugar producing plants, jute, indigo, cotton and the common timber trees).

(c) Practical Course.

Knowledge of microtechnic including free hand section cutting for microscopical examination. Drawing of dissection of flowers and microscopical sections. Referring common plants of Bengal to their Natural orders. Identification of plants by analytical tables. Simple physiological experiments.

10.—Geology.

The examination in Geology shall consist of (*a*) and (*b*) two theoretical papers, and (*c*) one practical paper.

(*a*) and (*b*). The theoretical course shall consist of—

Dynamical and Structural Geology.

Geological function of Air, Water and Life. Earthquakes and volcanoes. Secular upheaval and subsidence. Different types of structures met with in the crust of the earth. Earth sculpture. Origin of the Himalaya mountains. Water-supply.

Mineralogy and Petrology.

Physical and chemical characters of the more important minerals including their origin and commercial use. Classification of rocks. The leading rock types. Building materials.

Palæontology and Historical Geology.

Use of fossils. Leading types of fossils. Principles of correlation. The standard stratigraphical scale. Characters and distribution of the series of rocks found in India.

(*c*) The practical examination shall include (*i*) the identification and description of rocks and minerals, (*ii*) the description of microscopic sections of rocks, (*iii*) the recognition of important genera of fossils and (*iv*) the drawing and interpretation of geological maps and sections.

11.—Physiology.

(a) and (b) Theoretical Course.

General Physiology.

1. The Cell-membrane, Physico-Chemical processes—diffusion, Osmosis and Dialysis, Osmotic-pressure, Electrolytes, Ionisation, Surface tension, Absorption. Properties of colloids, Catalysis and Endymeaction.

Chemical Physiology.

2. Chemical composition of the body, Chemistry of carbohydrates, fats, liquids and proteins, Chemical Physiology of blood and lymph. Coagulation, Hæmolysis, Precipitins, Tests for blood. Immunity.

Histology.

3. Histology and development of the cell, Segmentation of ovum and formation of germinal membranes. Microscopical appearances of blood, lymph and milk. Minute structure of the various organs and tissues of the animal body.

Physiological Processes.

4. Physiology of contractile issues, Functions of nerve-cells and nerve fibres, the circulation of the blood, respiration, processes involved in digestion and absorption of food, metabolism, dietetics, vitamines, physiology of endocrine organs, harmones, excretion by the kidneys, skin, lungs and liver, production and regulation of body heat, mechanism of sound production and speech, Physiology of the Central and Autonomic nervous systems, special physiology of the organs of sense and Physiology of growth and reproduction.

(c) Practical Course.

I. The chemistry of carbohydrates, fats and proteins found in blood, milk and common food substances, Chemistry of hæmoglobin and its principal derivatives. Uses of the Hæmoglobinometer and direct vision spectroscope, composition of bile, normal constituents of urine and their estimation, more important abnormal constituents of Pathological urine and their estimation, Cryoscopy.

II. Histological technique involving the use of the microtome and methods of fixing, staining and mounting for the preparation of permanent specimens, minute anatomy of the various organs and tissues of the body, the use of Hæmacytometers.

III. Demonstration of the uses of the more important apparatus employed in Physiological investigation. A practical acquaintance with the methods of performing the following experiments:—

1. **Muscle and nerve.**—Myographic method of demonstration of the contraction of muscle under various conditins. Tetanus. Fatigue. Work done by a contracting muscle. Conduction in a nerve. Velocity of nerve-impulse.

2. **Experiments on the frog's heart.**—Normal tracing of the heart beats. Modifications of the tracing by the application of heat and cold, drugs and stimulation of the vago-sympathetic trunk.

3. Sphygmographic tracing of the pulse. Determination of the blood pressure in man by means of Sphygmomanometers.

4. Experiments on reflex action in "Spinal" frog.

12.—Zoology.

(a) and (b) Theoretical Course.

Scope of zoology and principles of classification.

Animal cell. Cell division. Elementary tissues, their morphological differentiation and physiological division of labour. Principles of animal physiology.

General characters of the following groups (including the distinctive characters of the classes, the more important orders represented in Bengal and of the development of the groups marked X); Protozoa, Porifera X, coelentera, Platyhelminthes X, Nemertinea, Nematoda, Rotifera, Annelida X, Arthropoda X, Mollusca X, Echinoderma, X, Chordata, Hemichorda, Cephalochorda X, Urochorda, X, Craniata-Cyclostomata, Pisces, Amphibia X, Reptilia, Aves X and Mammalia X.

Distribution of animals in time and space.

Theories of evolution. Heredity, variation and adaptation. Cell in inheritance. Eugenics.

(c) Practical Course.

Knowledge of micro-technic, including section cutting by paraffin method, Microscopic examination and dissection of Amoeba, Paramoecium, Monocystis, Spongilla, Hydra, Irene, Pheretima, Palaemon, Periplanata, Amellidens, Ampullaria, a starfish, a sea-urchin, a holothurian, Amphioxus, Doliolum, an ascidian, an elasmobranch (or Rohu fish), Bufo, the house gecko, the fowl and Cavia.

13.—History of Islam.

There will be two papers on this subject. The first paper will consist of two parts dealing with the History of Islam in India and the History of Islam outside India respectively. Each part will carry a maximum of 75 marks. The second paper will deal with Islamic Philosophy and Culture and will carry 150 marks.

What the examinee will be expected to know is not the account of battles or history of intrigues, but a good knowledge of the social, political and economical conditions of the Islamic Empire and of the literary, philosophic and scientific activities of the

Muslims under the Caliphate. In this connection special attention should be paid to foreign and particularly Hellenistic influences on Islamic thought and culture. He will be further required to know the sources of information on his subject—contemporary and modern—and to estimate their relative importance as works of history. Stress will be laid on the manner and method in which the subject is approached and discussed. Nor will the style be reckoned as less important than the subject matter. The object of the examination will be not to test the memory of the examinee but his grasp of the subject, his power of thinking, his capacity for seizing on the essentials as opposed to non-essentials in a long, complicated narrative.

14.—Constitutional History of England and the Empire.

In this paper the main stress will be laid on the period from 1600 A.D. onwards, but candidates will be expected to possess a knowledge of the main episodes of constitutional importance prior to that date. Candidates should also be acquainted with the history of the making of the constitutions of Australia, Canada, South Africa and India. Special knowledge of that of India will be required. The constitutional history of the United States of America, so far as it throws light on English Constitutional History, should be known.

15.—Ancient Indian History and Culture.

1. The age of the Vedas,—the Samhitas, the Brahmanas and the Sutras.
2. Rise and development of Buddhism and Jainism.
3. Political history from the 7th century B.C. to the 12th century A.D.
4. Administrative system and political theories.
5. Economic condition, including trade and maritime activity.
6. The social organisation of the Post-Vedic period, with special reference to the growth of the caste system.

Books recommended indicating the standard required.

1. Cambridge History of India, Vol. I, pages 1—318.
2. V. A. Smith—Early History of India.
3. R. C. Dutt—Civilization in Ancient India (omitting chapters on Political History).
4. Dr. P. N. Banerjee—Public Administration in Ancient India.

16.—Political Theory and Political Organization.

Politics.—This subject will include political theory and political organization. Candidates will be required to show a knowledge of the theory of the state, theories about the origin of the state, theories of law and sovereignty, citizenship, theories about state interference, the structure of Government, forms of Government and the ends of the state. A knowledge of the historical development of some of the more important theories will also be required.

Political organization will include a study of the details of the British constitution and the Indian constitution and the outlines of the constitutions of France, the United States, Germany, Canada, Australia and South Africa. The history of institutions is not included, but candidates will be required to know the earlier stages from which existing Indian political institutions have directly developed.

17.—Anthropology.

Social.

Candidates will not be expected to have an extensive experience of laboratory and museum work. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

Physical.

The subject includes pre-historic Archæology and Technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work consisting mainly in the handling and study of specimens and exhibits. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

18.—Comparative Philology.

The subject shall include—

SCHEDULE IV.

Candidates selected for appointment after the examination will, before appointment, be called upon to satisfy a Medical Board as to their fitness for appointment to Government service, and will be required to conform to the physical standards laid down in the regulations subjoined.

These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that Government reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, after hearing the opinion of their medical advisers, to be physically disqualified for the public service; and that their discretion is in no respect limited by these regulations.

Regulations as to the physical examination of candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

General physical requirements.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of his duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth :—

Age.	Height without shoes.	Chest measurement on full expiration.	Chest measurement on full inspiration.
	Inches.	Inches.	
21 and upwards	62½ and under 65	30	32
	65 „ 68	31	33
	68 „ 70	32	34
	70 „ 72	33	35½
	72 and upwards	34	36½

III. Measurement of chest.—The candidate will be made to stand erect with his feet together and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape will be carefully gathered in during the process, and when the minimum measurement is reached it will be recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech must be without impediment.

VI. The teeth must be in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VII. The chest must be well formed, the lungs and heart sound.

VIII. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other conditions likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation. Where any candidate has been rejected and has subsequently undergone one or other operation for hernia, hydrocele, varicocele or varicose veins, the Board may pass him provided they are satisfied that the condition has been radically cured.

IX. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

X. A candidate must have no congenital malformation or defect likely to interfere with his efficiency.

XI. A candidate must not be subject to chronic skin disease.

XII. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

Standard of minimum acuteness of vision required for appointment in the Provincial Services.

Better eye.	Worse eye.
Vision = $\frac{6}{6}$—	Vision = $\frac{6}{9}$

after correction with glasses, provided there are no morbid changes present in the choroid or retinæ.

2. Cases of myopia with posterior staphyloma may, however, be admitted provided ametropia in either eye does not exceed - 2·5 D, and no morbid changes are present in the choroid or retinæ.

A candidate of twenty-five years of age or over may be admitted, provided ametropia in either eye or both eyes does not exceed - 3·5 D, and provided his corrected vision reaches 6/6 in each eye.

3. Candidates with hypermetropia may be admitted provided the acuteness of vision is—

Better eye.	Worse eye.
Vision = $\frac{6}{6}$	Vision = $\frac{6}{9}$

after correction with glasses.

4. In cases of defective vision due to nebula of the cornea, the candidate will be rejected.

5. Squints or any morbid conditions subject to risk of aggravation or recurrence in either eye may cause rejection of a candidate.

6. Colour vision need not be taken into account.

Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

The attention of the Medical Board is specially directed to the following:—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

ADDENDA AND CORRIGENDA.

No. 2315F.—The 9th June 1928.—The following corrections have been authorised and are published for information :—

The Fundamental and Subsidiary Rules (1st edition).

Page 233, Appendix No. 5 (Police).—For the entry "Deputy Superintendent or Assistant Superintendent in charge of the Dacca and Howrah Town Police" *substitute* the following :—

Deputy Superintendent or Assistant Superintendent in charge of the Dacca and Howrah Town Police on condition that he maintains a motor car and that he does not draw any other travelling allowance for journeys beyond a radius of five miles from his headquarters when the journey out and back is completed in one day... ...100.

Page 34.—S. R. 24.—Substitute the following for clause (*c*) :—

The third grade includes all other Government servants in superior service except those specifically classed under the fourth grade.

Page 330.—Delegation Chapter.—In the list of heads of departments *substitute* the following for item 9 :—

9 Conservators of Forests.

Page 255, Appendix No. 14 Administration of Justice.—After the word "railway" in item 4 introduced by correction slip No. 181, *add* the words "and/or steamer."

Page 306, Appendix No. 20 (I).—Add the following at the end of rule 5 :—

"If the course of study is in Europe or America, the Head of the Department should also forward to the Secretary to the High Commissioner for India, General Department, a copy of the approved programme of study. If it is not possible for the Government servant to give full details, as above, in his original application, or if, after leaving India, he wishes to make any changes in the programme which has been approved in India, he should submit particulars as soon as possible to the Secretary to the High Commissioner for India, General Department. In such cases, he should not, unless prepared to do so at his own risk, commence the course of study, nor incur any expenses in connection therewith, until he receives approval to the course through the High Commissioner".

Substitute the following for rule 6 :—

6. "Government servants on leave in Europe or America, who wish to convert part of the leave into study leave or to undertake a course of study during leave, should, before commencing study and before incurring any expenses in connection therewith, submit a programme of their proposed course of study to the Secretary to the High Commissioner for India, General Department. The programme should be accompanied by an official syllabus of the course, if one is available, and by any documentary evidence that the particular course or examination has the approval of the authorities in India. In the absence of such evidence the programme may, if approved by the High Commissioner, be proceeded with, but no study leave allowance will be admissible until the concurrence of the authority concerned in India is received.

Similarly Government servants on leave in the United Kingdom, who desire to have it extended for purposes of study under these rules, should address the Secretary to the High Commissioner for India, but in addition to furnishing a statement of the proposed study they must support their applications with documentary evidence of their having obtained the approval of the authorities concerned in India to their applying for an extension of leave. They must also produce documentary evidence of the concurrence of the authority concerned in India to the grant of study leave and/or study allowance.

6 A. No course of study will be recognised as qualifying for the grant of study allowance, or for study leave for any other purpose, unless it has been approved in at least broad outline by the sanctioning authority in India in accordance with rules 5 and 6 above, and unless, in cases where it has not been found possible to submit full particulars to the authorities in India, it has been approved in detail by the High Commissioner before it is begun".

LAND ACQUISITION.

No. 10476L.A.—The 6th June 1928.—Whereas it appears to the Governor in Council that land is likely to be required to be taken by Government at the expense of the Barisal Municipality for a public purpose, viz., for extension of the Muhammadan burial ground at Barisal in the village of Bagura-Alekanda, pargana Chandradwip, zilla Bakarganj, it is hereby notified that for the above purpose a piece of land measuring, more or less, 2·32 acres, comprising cadastral survey plot No. 1408 and portions of cadastral survey plots Nos. 956, 957, 1401 and 1407, is likely to be required within the aforesaid village of Bagura-Alekanda.

Bakarganj.

This notification is made, under the provisions of section 4 of Act I of 1894, to all whom it may concern.

In exercise of the powers conferred by the aforesaid section, the Governor in Council is pleased to authorise the officers for the time being engaged in the undertaking, with their servants and workmen, to enter upon and survey the land and do all other acts required or permitted by that section.

Any person interested in the above land, who has any objection to the acquisition thereof, may, within thirty days after the date on which public notice of the substance of this notification is given in the locality, file an objection in writing before the Collector of Bakarganj.

No. 10479L.A.—The 6th June 1928.—The Governor in Council is pleased to cancel the notification No. 10408L.A., of 27th June 1927, published under section 4 of the Land Acquisition Act I of 1894, at pages 1422-23, Part I of the *Calcutta gazette* of 7th July 1927, in respect of the proposed acquisition of 0·3686 of an acre of land required by the Dacca Municipality for the extension of the municipal office compound in the mahalla of Mogtola known as Kaltabazar, parganas Pukharia and Jahangirnagar, zilla Dacca.

Dacca.

No. 9847L.A.—The 19th May 1928.—The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information.

Bankura.

W. H. NELSON,

Secretary to the Government of Bengal (offg.).

AGREEMENT.

MEMORANDUM OF AGREEMENT made this sixteenth day of May 1928, between the Chamkora Jarisha Samabaya Jalasarabaraha Samity Limited Society, a Society (registered under the Co-operative Societies Act II of 1912), and having its registered office at Jarisha village in thana Simlapal, district Bankura (hereinafter called the Society) of the one part and the Secretary of State for India in Council (hereinafter called the Secretary of State) of the other part.

Whereas for the purpose of the construction of an irrigation channel the Society has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of the piece or parcel of land containing 2·69 acres or thereabout situate in the mauzas of Bonkhola and Maidhara in the district of Bankura, thana Simlapal, and more particularly described in the schedule hereto and delineated in the plan* hereunto annexed.

* Not printed herewith but may be inspected in the office of the Collector of Bankura.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public has consented to acquire on behalf of the Society the piece or parcel of land hereinbefore described.

And whereas the said Government of Bengal has required the Society under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this Indenture witnesseth that it is hereby agreed and declared as follows :—

1. On demand the Society shall and will pay to the said Government of Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by the Court to which a reference under part III of the said Act may be made or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Society under the last preceding clause not being thereby limited the Society shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Society of all demands under the foregoing first clause or in the discretion of the said Government of Bengal (on deposit by the Society of all estimated amounts as provided in the second clause) but not before possession shall have been taken under the provisions of the abovementioned Act the Secretary of State shall make over possession of the said land to the Society and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Society.

4. The said land shall be held by the Society for the purposes of such an irrigation channel as is hereinbefore mentioned and without the sanction in writing of the said Government of Bengal first had and obtained for no other purpose whatsoever.

5. The said irrigation channel shall be completed (and fully equipped in all respects ready for use) within one year from the date on which possession of the said land shall have been given to the Society.

6. Should the said irrigation channel not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Society and thereupon the interest of the Society in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(*i*) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Society.

(*ii*) Should the said Government decide not to sell the land and buildings the said Government shall retain the said land and buildings thereon in which case the Secretary of State shall repay to the Society the market value as on the day of re-entry of all the buildings erected by the Society and all sums received from the Society in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

(*iii*) Should the said Government decide to sell the buildings only upon such sale the Secretary of State after deducting the expenses of taking possession and selling pay the balance of the proceeds of sale to the Society together with the sum received from the Society in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Society on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sum paid and received on account of costs, charges and expenses.

8. The members of the Society shall be entitled to use the irrigation channels on condition as laid down in the Registered by-law No. 43 of the Society and the work shall be open for use of the facilities for irrigation on reasonable terms (to be fixed from time to time by the Directors of the Society) by members of the public other than the members of the Society.

Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

In witness whereof the Chamkora Jarisha Samabaya Jalasarabaraha Samity Limited Society has caused its common seal to be affixed and the Secretary of State for India in Council hath hereinto set his hand and seal the day and the year first above written.

The common seal of the abovenamed Chamkora Jarisha Samabaya Jalasarabaraha Samity Limited Society was hereto affixed in the presence of (1) Babu Srigovinda Sinha, son of the late Harish Chandra Sinha, Hikim of the Simlapal Raj family, village Simlapal, (2) Babu Janaki Nath Sannigrihi, son of the late Iswar Chandra Sannigrihi, village Raghunathpur, and Ganga Vishnu Ray, son of Babu Beni Madhab Ray, merchant, village Simlapai, all of them in police-station Simlapal, district Bankura.

No. D./1182-A.—The following Resolution by the Secretary of State in Council is published for general information :—

In exercise of the powers conferred by section 96D (1) of the Government of India Act, the Secretary of State, with the concurrence of the majority of votes at a meeting of the Council of India held this 24th day of April 1928, hereby makes the following amendments to the Auditor-General's Rules, namely :—

(1) For sub-rule (1) of rule 15 of the said rules, the following shall be substituted, namely :—

"15.—(1) The Auditor-General shall, on such dates as he may prescribe, obtain from each principal auditor and from any officer of the Indian Audit Department to whom he may entrust this duty, appropriation accounts, in such form as he may prescribe, of the expenditure which came under the audit of such principal auditor or officer of the Indian Audit Department during the past official year, together with a report upon the accounts and upon the results of the audit applied to them. Any officer of Government may be called upon to provide any information necessary for the preparation of such accounts or reports. On receipt of the accounts and reports, the Auditor-General shall transmit them to the Governor-General in Council or to the Finance Department of the Local Government concerned with such comments as he may think fit."

(2) In Rule 17 of the said rules after the words "the Auditor-General or" the word "other" shall be inserted.

(3) For Rule 25 of the said rules the following shall be substituted, namely :—

"25. If in any case the Secretary of State in Council has declared that the maintenance of the provincial accounts of a specified province or of the accounts of any department of the Central Government is transferred to an authority (hereinafter referred to as the said authority) other than the Auditor-General, the duties and powers of the Auditor-General in relation to the accounts of such province or department shall be governed by the following provisions, namely :—

(1) The officers and establishments employed upon the maintenance of such accounts shall not be subordinate to the Auditor-General, but the Auditor-General shall be responsible for the inclusion of the accounts in the Finance and Revenue Accounts of India and shall have power to prescribe the form in which and the time or times at which the accounts shall be submitted to him for audit and for such inclusion ;

(2) The appropriation accounts referred to in sub-rule (1) of Rule 15 shall be prepared by the said authority in such form as he may, with the concurrence of the Auditor-General, determine, and shall be transmitted by such date as the Auditor-General may prescribe, to the officer of the Indian Audit Department to whom the Auditor-General has entrusted the duty of reporting thereon. The Auditor-General shall thereafter obtain and dispose of the appropriation accounts and of the report thereon of the aforesaid officer of the Indian Audit Department in accordance with the provisions of rule 15 ;

(3) The Auditor-General shall exercise the powers and perform the duties conferred and imposed upon him by Rule 20 and Rule 21, but shall not be bound by the provisions of Rule 23 or Rule 24."

RESOLUTION.

The 19th May 1928.

SUBJECT :—*Date of commencement of pay on first appointment in the case of officers who are recruited overseas.*

SHIPPING.

Simla, the 26th May 1928.

No. 238-S. (*87*).—The following report of inspection of the Indian Mercantile Marine Training Ship "Dufferin" by the Governing Body of the Ship is published for general information :—

"In accordance with rule 10 of the rules for the management of the Indian Mercantile Marine Training Ship 'Dufferin,' the Governing Body made a formal inspection of the Ship on the afternoon on Monday, April 16th, 1928.

The following members of the Governing Body were present :—

Captain E. J. Headlam, C.S.I., C.M.G., D.S.O., R.I.M., *Chairman.*

F. B. Lory, Esq., Director of Public Instruction, Bombay.

Narotam Morarjee, Esq.

Maulvi Abul Kasem, M.L.C.

D. J. MacGillivray, Esq.

M. A. Master, Esq., B.A., LL.B.

Kaikobad Cowasjee Dinshaw, Esq., J.P.

J. L. P. Roche-Victoria, Esq.

Certain alterations, improvements and repairs suggested by the Captain Superintendent were considered and are embodied in the minutes of the meeting held after the inspection.

The Governing Body were much impressed by the smart, healthy and happy appearance of the cadets and of the marked improved physical development shewn by all.

The ship was in a most clean and satisfactory condition and shewed a high state of efficiency.

The Governing Body would like to take the opportunity of, on this their first formal inspection, reporting to the Government of India how successful in all its branches they consider the experiment of establishing a training ship for the Merchant Service has been so far.

This success the Governing Body consider has been in a very large measure due to the cadets themselves who have cheerfully and willingly accepted the somewhat stringent discipline of a sea life and shewn great keenness and zeal for their new life. It is most pleasant to record that their general behaviour has been exemplary.

The Governing Body desire to place on record their very high appreciation of the services of the Captain Superintendent and his Officers and Scholastic Staff, especially of the services of the Head Master Mr. Jones, the Chief Officer Lieutenant-Commander S. Campbell, the Second Officer Mr. H. W. Davies and Assistant Master R. D. Sathe, all of whom have taken the keenest interest in their duties and in the welfare and instruction of the cadets. The success of such a training ship must in all its branches depend most largely upon the Captain-Superintendent, who is responsible not only for the training of the cadets but for the discipline and welfare of all on board; in this connection the Governing Body consider that the highest praise is due to Commander H. A. B. Digby-Beste, O.B.E., R.I.M., who while maintaining the necessary discipline on board has worked unflaggingly in the interests of the scheme and for the comfort and welfare of his staff, the cadets and the Ship's Company.

The Governing Body feel also that the present happy and zealous spirit which is so apparent among the cadets is greatly due to Commander Digby-Beste's tact and sympathetic kindness combined with firmness in dealing with the cadets and in the intense interest he takes in their welfare and progress."

MAINAMATI SURVEY SCHOOL.

(P. O. Survey School, district Tippera.)

Admission Rules.

The Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, in the district of Tippera, four miles west of the Comilla railway station, on the Assam-Bengal Railway. The Dacca-Chittagong Trunk Road runs close to the site of the school. It is healthily situated and occupies a picturesque site.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The school, which is ranked as a major institution, is affiliated to the Survey Education Advisory Board, Bengal, for the Survey Final and the Amin Examination.

4. In addition to the ordinary course, the school trains special students who do not intend to earn their living as surveyors but wish to receive training in surveying. Candidates for appointment as district kanungos or any Government official rank as special students.

5. The total number of admission to the first year course shall not exceed 50, of whom not more than ten may be special students; for the second year course not more than 30 shall be admitted in any one year, and not more than 5 of these may be special students.

6. The full course of instruction extends over two years. The session for the first year course, which corresponds to the Aminship standard, begins from the 1st August and terminates on the 31st July of the following year. The session for the second year or the Survey Final course begins from the re-opening day of the school after the Durga Puja holidays or from such date as may be notified by the Principal, not later than 1st November. The second year course also runs for twelve months. No student shall be admitted, or, in case of re-instatement after removal of his name from the school books, be re-admitted after the expiry of one month from the opening of the session, or from the date of removal of his name, as the case may be.

7. Applications for admission to the first year course must be submitted to the Principal on or before the 30th June. Applications for admission to the second year course must be submitted on or before the 30th September or such other date as may be notified by the Principal. Each application, either for admission to first year or to second year, must be accompanied by a registration fee of Rs. 3, which shall in no case be returned. NOTE :—Preference is given to those who have passed the Matriculation Examination or received higher education.

Application for admission to first year must be accompanied by a medical certificate of fitness for arduous field work, in the approved form signed by a medical officer of rank not below that of a Sub-Assistant Surgeon. All selected candidates are required to undergo, before admission, a medical examination by the medical officer attached to the school.

9. The qualifications for admission to the second year class are :—

(*a*) An Aminship certificate granted by the Survey Education Advisory Board.
(*b*) The Matriculation-pass of the Calcutta University or its equivalents.
(*c*) A medical certificate in the same form as for those seeking admission to first year to be granted by the school medical officer.

10. On passing the Amin Examination candidates are awarded the Amin certificate of the Survey Education Advisory Board, Bengal. On passing the Final Examination of second year course the candidates are awarded the Survey Final certificate.

The fee for Amin Examination is Rs. 15 and for the Survey Final Examination Rs. 25.

The Mainamati Survey School is approved for the purposes of Regulation 38 of the Indian Coal Mines Regulations, 1926. In the terms of the said approval the holders of the Survey Final certificates, after they have gained practical experience of surveying the underground workings of a mine for six months only, will be eligible for appearing at any examination for Surveyor's certificates, under the Indian Mines Act, 1923.

11. Ordinarily candidates will not be admitted to the first year class unless they are under 21 years of age on the 1st January of the year in which the course begins. The limit of age for the candidates seeking admission to second year is below 22. The Director of Industries, Bengal, may make exceptions to this rule.

The restriction of age does not apply in the case of special students. But they should have the minimum educational qualification of regular students.

12. The school has no vacation like other educational institutions, but it remains closed on executive holidays granted by Government.

13. The school was established on a residential basis and the students are required to reside in the hostels attached to the school. The students may live with their parents or approved guardians with the special permission of the Principal; but such permission may be withdrawn at any time.

14. Messes are provided for the Hindu students. Muhammadan students make their own messing arrangements. The Hindu mess shall be entirely self-supporting; the monthly charges are fixed by the Principal from time to time. At present the charge is Rs. 11 per month. The full messing fees are charged every month.

15. The following admission fees are charged :—

	Rs.
Admission to school	2
„ to hostel (Hindu students only)	2
„ to Athletic Club	1

A caution money deposit of Rs. 5 must be made, which will be returned after the close of the session, subject to deduction on account of fines, non-payment of fees, loss of or damage to, school or mess properties.

16. The following monthly fees payable for twelve months are charged :—

Tuition fees—

	Rs.	A.
First year students	3	0
Second year students	4	0
Special students	5	0
House rent	0	8
Athletic fees	0	8
Reading room	0	2

17. All payments must be made in the Principal's office. The messing fee is payable in two instalments, the first instalment being due on the last open day of the month previous to that for which it is charged The second instalment of messing and all other monthly fees are payable on the 15th of every month or on any other date which may be notified by the Principal. No payment shall be accepted after the due date unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month, the defaulting student's name shall be struck off the school books. Such student shall not be re-admitted until he has paid in all arrears together with any fine which may be due from him and a re-admission fee of Rs. 5.

18. Four scholarships to the value of Rs. 10 each per month tenable for twelve months are awarded every year to the First year students on the result of a special examination held shortly after admission.

19. Four scholarships to the value of Rs. 10 each per month tenable for twelve months are awarded every year to the Second year students on the result of the Amin Examination.

20. Two scholarships of Rs. 20 each per month tenable for six months are awarded to Final-passed students who are selected for training in Mine Surveying.

21. Boarding stipends payable for twelve months at the following scale are granted to the residential Muhammadan students :—

Number of resident Muhammadan students.	Value of monthly stipend paid to each student.
	Rs.
1	6
2	5
3-4	4
5-8	3

22. A number not exceeding eight of students who have completed the second year course of this school is annually selected for training in Mine Surveying in order to qualify for the certificates of competency as Mine Surveyors granted under the Indian Mines Act, 1923.

The training in Mine Surveying begins from about the 1st October and lasts for not less than six months.

Extracts from Standing Rules for students.

1. Students are expected to attend 100 per cent. of the works, and those who have not put up at least 75 per cent. of possible attendances in class and 80 per cent. in field work are not allowed to appear at any examination of the Survey Education Advisory Board.

2. Ordinarily students are not granted leave out of the school for more than ten days during a session.

3. Students are excused from attending the class or the field on medical grounds on the recommendation of the school medical officer. But frequent absence on medical grounds may render a student unfit for the course.

4. Students must provide themselves with drawing instruments, books and all other necessaries within a week of the opening of each session.

5. Breaches of discipline are dealt with according to the rules in force in the Education Department.

Controller of Examinations, Calcutta University.

SENATE HOUSE,

The 14th June, 1928.

DEPARTMENT OF INDUSTRIES.

Government Silk Weaving and Dyeing Institute, Berhampore, Bengal.

NOTIFICATION.

1. The Institute offers two courses of instructions, namely, (1) Advanced and (2) Artisan Courses. The "Advanced Course" extends to two years and the "Artisan Course" to one year only.

Students who have passed the Matriculation Examination of any University or have been trained in one of the Technical Schools affiliated to the Overseer Examination Board up to the Sub-Overseer standard are eligible for admission to the "Advanced Course".

The Artisan Course is meant primarily for the sons of Silk Reelers and Weavers, and preference will be given to them.

2. Ten scholarships of Rs. 10 each a month will be awarded to students of the first year class on the results of a test examination which will be held shortly after the commencement of the session. Ten scholarships of Rs. 10 each a month will be awarded to students of the second year class on the results of the Annual Examination of the first year class. Four scholarships in the first year class and four in the second year class will be reserved for Muhammadans.

3. Fifteen scholarships of Rs. 4 each and fifteen scholarships of Rs. 6 a month for one year will be awarded to the Artisan students.

These scholarships are primarily intended for Bengali students or students domiciled in Bengal.

Session will commence in the first week of July 1928 and intending students should apply for admission on or before the 15th June 1928. Further particulars and form of application may be had on application to the undersigned.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

W. S. HOPKYNS,
Chief Secretary to the Government of Bengal (offg.).

NOTIFICATION.

No. 6005A.—The 18th June 1928.—The following rules* for the encouragement of the study of oriental languages which the Government of Bengal have been pleased to make in supersession of all previous rules, are published for general information. These rules will come into force with effect from the 1st December 1928.

I. These rules are applicable to the following classes of officers in civil employ serving directly under the Government of Bengal:—

(*i*) Officers of the Indian Civil Service.

(*ii*) Officers of the Indian Educational Service.

(*iii*) Officers of the Imperial Branch of the Indian Police Service.

(*iv*) Officers of the Indian Agricultural Service.

(*v*) Officers of the Indian Veterinary Service.

(*vi*) Officers of the Indian Forest Service.

(*vii*) Officers of the Europe-recruited branch of the Indian Service of Engineers.

(*viii*) European Inspectors of Factories.

The following restrictions will apply to officers of the Indian Educational Service, *viz.*, that a professor of or an examiner in any language cannot obtain a reward in that language, and that no officer will be permitted to receive rewards for passing by a given standard in more than two vernacular and two classical languages.

*Officers of the Indian Agricultural Service, the Indian Veterinary Service, the Imperial Forest Service, and the Europe-recruited branch of the Indian Service of Engineers are only eligible for rewards for passing the 1st class and 2nd class Interpretership examinations. Officers of the Indian Agricultural Service, the Indian Veterinary Service and the Europe-recruited branch of the Indian Service of Engineers may be admitted to the Degree of Honour examination, but only in exceptional cases when the Government are satisfied that it is in the interest of the public service that the officer in question should be allowed to take the examination.

European Inspectors of the Factories Department may qualify as 1st and 2nd class Interpreters in Bengali, Hindi and Urdu and earn the prescribed rewards, but may not present themselves for examination in any other language, or for the Degree of Honour in Bengali, Hindi or Urdu.

II. Candidates may present themselves for examination only in those languages in which it would be of an advantage to Government that they should qualify. A statement to this effect should be furnished by the candidate's superior officer when forwarding the candidate's application. The new tests, *viz.*, the Preliminary, the 2nd class and 1st class Interpreterships, correspond in standard to the old Higher Standard, Proficiency and High Proficiency, respectively, and an officer who has passed any of the latter tests will not be eligible to sit for the corresponding new tests in the same language.

III. The donations to be given to successful candidates will be as follows, subject to the conditions that (*i*) from all rewards, except for the Degree of Honour, any rewards previously drawn for the same language are deducted, and in no case will an officer draw on one occasion more than one reward, and (*ii*) the grant for requalification as a 1st class Interpreter, after a minimum interval of three years, will be one quarter of the reward for the original qualification:—

Interpreter.

Language.	Preliminary.	2nd class.	1st class.	Degree of Honour.
	Rs.	Rs.	Rs.	Rs.
Arabic	300	900	1,800	5,000
Persian	300	900	1,800	5,000
Sanskrit	300	900	1,800	5,000
Bengali	..	500	1,500	3,000
Hindi	..	500	1,500	3,000
Urdu	..	500	1,500	3,000

* These rules do not in any way affect the departmental examinations or language examinations which officers have to pass under the orders of the Government of Bengal.

IV. No officer will be permitted to present himself for examination in the Degree of Honour test until he is qualified as a 1st class Interpreter in the particular language.

An officer may requalify in the 1st class Interpretership or in the Degree of Honour examination in any language under the conditions laid down in rules X and XIV, respectively.

V. Rewards admissible under rule III will not be granted to officers whose age exceeds 40 years at the date of the original examination and 45 at the date of the requalifying examination. In the case of an examination for the Degree of Honour Standard however there shall be no limit of time and an officer will be permitted to earn a reward by passing this examination at any time within the period of his service.

VI. In no case will a reward be paid for passing any examination in the languages which is the candidate's mother tongue; or is the school language, or is the language taken by the candidate at the University, or is well known to the educated classes of the district or province in which the candidate was born or educated or which is not so foreign to him as to render its acquisition a matter of difficulty. The Government shall determine in each case what languages come within this definition.

VII. The Secretary to the Board of Examiners (Army Department), Delhi and Simla, will conduct examinations twice annually at Calcutta in March or April and in September or October. The exact date of the examination will be notified to intending candidates on application to the Secretary, Board of Examiners.

Officers desirous of attending the examination should apply for permission to the Government through the Commissioner of the Division in which they are serving, or the Head of their Department, at least three months before the date of the examination.

Applications, through the Government should reach the Board of Examiners (Army Department) at least one month before the date of the examination.

An officer who has been granted permission to appear for an examination but decides not to avail himself of it should intimate his decision to the Board of Examiners at least ten days before the date of the examination.

VIII. The books recommended for study in the various languages are given in rules XV and XVI. Except in the Degree of Honour examinations, there are no text books and the passages set in the examinations will be selected at the discretion of the examiners.

XI. The following are the subjects for the Degree of Honour examination:—

(*a*) A written examination in the prescribed books, the paper set in which will include questions in grammar (including philology) and prosody.

NOTE.—In Persian half the passages for translation will be selected from the prescribed text-books and half from other works.

(*b*) Written translation into English of difficult unseen passages in prose.

NOTE.—The passages will, in all languages, except Sankrit, be selected from the current literature of the day.

(*c*) Written translation into English of difficult unseen passages in verse.

(*d*) Translating into the language a difficult passage (or passages) in English with such accuracy, elegance and idiomatic excellence as shall show eminent proficiency in the language.

NOTE.—The translations into Arabic should be marked with the vowel points.

(*e*) Conversation with a native of the country. The candidate will be expected to speak fluently and accurately. There will be no examination in conversation in Sanskrit.

(*f*) Reading and translating at sight difficult manuscripts in the language.

(*g*) *Viva voce* translation at sight into the language of a paper in English placed before the candidate. This translation as it is made will be written by a munshi as dictated by the candidate, who will be permitted to correct his translation when completed upon its being read out to him by the examiner. The time occupied in this exercise will be taken into account in awarding marks.

(*h*) A short composition in the language in the form of a letter or an essay on one of three or four given subjects.

XII. The Degree of Honour examination will be of a searching nature, and the exercises, both oral and written, must be performed with such excellence as distinctly to establish a claim to eminent proficiency.

XIII. In the case of Persian, Arabic and Sanskrit the Degree of Honour examination will comprise papers on the following subjects:—

(*a*) Language Test—(as in rule XI);

(*b*) History and Religion;

(*c*) History of Literature.

Candidates will be required to obtain the usual pass marks in each paper.

N.B.—The time allowed for each written paper, except subject (*h*), is 3 hours. The time allowed for subject (*h*) is one hour.

XIV. Successful candidates for the Degree of Honour will be arranged in two divisions according to the number of marks obtained. For the first division, 80 per cent. of the marks must be obtained in the aggregate and not less than 60 per cent. in any one paper; for the second division, 60 per cent. must be obtained in all subjects and not less than 45 per cent. in any one paper. The full reward and diploma signed by His Excellency the Governor will be granted only to candidates passing in the first division and their names will be published in the *Calcutta Gazette*. Candidates passing in the second division will be granted half the reward fixed for the first division. A candidate who has passed in the second division may appear again in the same test in that language after an interval of two years and if he passes in the first division receive half the original reward prescribed for the first division as well as the diploma.

A candidate who has passed the Degree of Honour in any language in the first division may appear again in the same test in that language after an interval of five years and if he passes in the first division, receive half the reward prescribed for that division.

NOTIFICATION.

No. 1529Mis.—The 9th June 1928.—With reference to rules 7 and 8 of the rules published with this department notification No. 1497Mis., dated the 8th June 1928, it is hereby notified that the examination prescribed for filling up vacancies in the Lower Division of the Secretariat Clerical Service of the Government of Bengal and clerical vacancies in certain other Government offices, mentioned in rule 20 thereof, will be held reserved at Calcutta in August 1928.

The probable number of vacancies to be competed for is nineteen (thirteen in the Secretariat and six in other Government offices) of which about eleven are specially for Muhammadans.

Candidates should pay the prescribed fee (Rs. 10) into the nearest treasury and forward the treasury receipt to the Secretary to the Government of Bengal, Finance, Commerce and Marine Departments, Calcutta.

Candidates paying their fees in Calcutta should pay them into the Imperial Bank of India.

Application for permission to appear at the examination should be in the form given below, and should be made to the Secretary to the Government of Bengal, Finance, Commerce and Marine Departments, Calcutta, not later than the 15th July next, after which no application will be received.

Form.

To

The Secretary to the Government of Bengal,
Finance, Commerce and Marine Departments, Calcutta.

Sir,

I request permission to present myself at the ensuing examination of the candidates for appointment in the Clerical Service of the Secretariat to the Government of Bengal. I was born on the day of 19 .

2. A treasury receipt for the fee of Rs. 10 is forwarded herewith.

I am, etc.,

The examination rules now in force will be published in the *Calcutta Gazette*, dated the 21st June 1928. Copies of the rules may be obtained on application to the Registrar, Finance Department.

The attention of intending candidates is called to rule 10 of the examination rules, prescribing the particulars and documents which should accompany the application for permission to appear at the examination.

The date when and the place where the examination will be held will be notified hereafter for information.

Intending candidates should note that the age restriction laid down in rule 10 (*ii*) of the examination rules will be strictly enforced, that is, that the candidate, at the date of making the application, must not be less than eighteen and not more than twenty-three years of age and that no person overage, *whether in Government service or not*, will be eligible.

Candidates are particularly requested to send *in original* the University Matriculation Examination certificate as evidence of their age. The certificate regarding their moral character prescribed by rule 10 (*iii*) should also be *in original*. These certificates will be returned after the examination is over.

A. CASSELLS,
Secretary to the Government of Bengal.

No. 1497 Mis.—The 8th June 1928.—In supersession of all previous rules issued on the subject the Governor in Council is pleased to make the following revised rules for the regulation of appointments in the clerical service of the Secretariat of the Government of Bengal and certain Government offices in future.

A. CASSELLS,

Secretary to the Government of Bengal.

Rules for the regulation of appointments in the clerical service of the Secretariat and certain other offices of the Government of Bengal.

The clerical service of the Secretariat of the Government of Bengal is divided into two divisions—the Upper Division and the Lower Division.

Upper Division.

2. The Upper Division of the clerical service in the Secretariat is graded as follows:—

(*a*) Rupees 125 a month on probation for two years.

(*b*) After confirmation a time-scale of pay, Rs. 150—10—250—15—400, with an efficiency bar at the stage of Rs. 250.

(*c*) Two selection grades, one of Rs. 325—25—400 alongside the above time-scale, and another of Rs. 425—25—500 beyond it. The former selection grade is limited to 15 per cent. of the number in the Upper Division.

Special pay of Rs. 100 per mensem attaches to certain of the posts of Head Assistants.

3. Vacancies which occur in the Upper Division of each department will be filled by the following methods:—

(*a*) Direct recruitment of candidates by means of a competitive examination which will be the same as that prescribed for the recruitment of the Bengal Civil Service (Executive) and other services in Bengal. The rules regulating the recruitment of these services will apply in the case of direct recruitment of the Upper Division of the Secretariat. These rules may be obtained on application from the Appointment Department of this Government.

(*b*) Selection of suitable Europeans or Anglo-Indians. The educational attainments required of such candidates will be the Intermediate Examination, the Senior Cambridge Local Examination, the Cambridge Senior School Certificate Examination or a certificate that the candidate has passed the final examination of the advanced Commercial Classes. In this case preference will be given to graduates.

(*c*) Promotion from the Lower Division.

No clerk in the Lower Division, however, has, as a matter of right, any claim to promotion in the Upper Division, which will be given strictly according to merit.

One-third of the vacancies in the Upper Division will be filled by method (*c*). So long as all the assistants in the Lower Division, who were recruited previous to April 1910 and are considered fit for promotion to the Upper Division, have not been provided for, this proportion of one-third may be exceeded. The relaxation of this rule of one-third will not, however, override the provisions of rule 14 as regards the appointment of Muhammadans, nor will it affect the appointment of Anglo-Indians to the special branch of the Political Department of this Government.

4. For the purpose of the selection of candidates under rule 3 (*b*), the Director of Public Instruction shall be asked to submit, in consultation with the authorities of European colleges and schools, the names of two or three candidates for each vacancy who possess the qualifications prescribed. From among these a selection will be made by the Secretaries at a meeting.

5. Candidates selected under rule 3 (*a*) and 3 (*b*) will be on probation for two years, during which they will draw pay at the rate of Rs. 125 per month. Candidates selected under rule 3 (*c*) will on confirmation commence at Rs. 170 in the time-scale of Rs. 150—10—250—15—400 for the Upper Division.

Lower Division.

6. (1) The lower division of the clerical service of the Secretariat is graded as follows:—

(*a*) Rupees 60 a month on probation for two years.

(*b*) After confirmation a time-scale of pay, Rs. 65—4—145—145—150, with an efficiency bar at the stage of Rs. 105.

(*c*) Selection grade of Rs. 175—25—200 for clerk of special merit (limited to 10 per cent. of the Lower Division in each Department) who have passed at least three years on the maximum of the time-scale.

The bar in the time-scale will apply in the case of those clerks who are employed on purely routine work, such as despatcher, sorter, recorder, indexer, diarist, inter-departmental clerk, file-keeper, etc.

(2) The lower posts of clerical service in the offices specified in rule 20 are graded as follows:—

(*a*) Rupees 45 a month on probation for two years.

(*b*) After confirmation a time-scale of pay—

(*i*) in the office of the Board of Revenue, Rs. 50—3—65—4—105—5—140, with an efficiency bar at the stage of Rs. 85;

(*ii*) in the office of the Inspector-General of Police Rs. 50—3—65—4—125, with an efficiency bar at the stage of Rs. 85.

(*iii*) in other offices, Rs. 50—3—110—5—120, with an efficiency bar at the stage of Rs. 80.

(*c*) There are certain posts on higher scales of pay in all these offices to which assistants of merit in the lower scale may be promoted.

7. The vacancies which occur in the Lower Division of the departments of the Secretariat will be filled up by means of a competitive examination. In special cases, as laid down in rules 13 and 14, appointments may be made by nomination.

8. The examination will be held in the month of August of each year. The arrangement for the examination will be made by the Central Examination Committee, Bengal, who will be assisted by paid examiners, and will act in communication with the Secretary to the Government of Bengal, Finance Department.

9. Candidates will be required to produce evidence that they have been through a complete secondary school course. In the case of Europeans and Anglo-Indians, applicants may be accepted who have obtained the elementary school certificate and have taken the supplementary commercial course prescribed by the European Schools Code. Every candidate must submit before the 15th July a written application for permission to appear at the examination.

10. The application under the last rule shall be in the form given below, and must be accompanied by a treasury receipt for the sum of Rs. 10. This sum the candidate is required to pay into the treasury nearest his place of residence by way of examination fee **and in no circumstances will this sum be refunded.**

FORM.

To

The Secretary to the Government of Bengal,

Finance Department.

Sir,

I request permission to present myself at the ensuing examination of the candidates for appointment in the Lower Division of the clerical service of the Secretariat of the Government of Bengal. I was born on the.....day of.....19....

2. A treasury receipt for the fee of Rs. 10 is forwarded herewith.

I am, etc.

With the application must also be forwarded—

(*i*) The candidate's evidence that he has been through a complete secondary school course, and in the case of Europeans and Anglo-Indians, that he has obtained the elementary school certificate and taken the supplementary commercial course prescribed by the European Schools Code.

(*ii*) Evidence that the candidate, at the date of making the application, is not less than 18 and not more than 23 years of age. The candidate must state the date of his birth, and enclose his matriculation certificate.

NOTE 1.—The age-limits apply to *all* candidates, whether in Government service or not.

NOTE 2.—The attention of *all* candidates is drawn to the orders of Government that a declaration of age, made at the time of, or for the purpose of, entry into Government service, shall be deemed to be absolutely conclusive and no revision of such a declaration shall be allowed at a later period for any purpose whatsoever.

(*iii*) In case the candidate has been educated at a school in which students' good conduct registers are kept, and in case a year has not elapsed since he left school, an extract from the register relating to the candidate for the last year of his attendance at school, certified by the head master. In other cases a certificate that the candidate is of good moral character is required from the head of the institution in which he has last been educated, or from some respectable householder to whom he is well known in private life, and who is himself known to a District or Subdivisional Magistrate, or to the head of some Government office, this last fact being certified by the countersignature of the officer in question.

(*iv*) If the candidate is employed under Government, a certificate by the head of the office or department to the effect that in his opinion there is no objection to the candidate appearing at the ensuing clerkship examination.

(*v*) A statement whether the candidate has appeared at any previous clerkship examination, and, if so, in what year.

A candidate must also state his home address, his present address and his father's name.

11. The syllabus of the examination for admission to the Lower Division of the Secretariat is as follows:—

(I)	The preparation of a précis and an index of a series of official letters taken from a file (one paper of three hours)	100	marks.
(II)	(*a*) The correction of a page of English containing mistakes of vocabulary, idiom and grammar and mis-spellings .. .. } One paper of three hours	100	,,
	(*b*) The preparation of a draft letter from a typical office note .. .. .. }		
(III)	A paper on general knowledge (one paper of three hours)	100	,,
(IV)	Algebra and Geometry, the same standard as that for the Matriculation Examination of the University (one paper of three hours) ..	100	,,
(V)	Arithmetic, including particularly Percentage, Compound Interest, Discount, also the use of logarithms, algebraic symbols and graphs (one paper of three hours)	100	,,

A series of long sums in Addition, Subtraction, Multiplication and Division to be done within a limited time will also be set.

No candidate will be deemed to have qualified in the examination if he fails to secure the following minimum marks, namely:—

(*a*) 40 per cent. of the full marks allotted for subjects I and II, and

(*b*) 25 per cent. of the full marks allotted for each of the other three subjects III to V.

12. As soon as practicable after the examination, the Central Examination Committee, Bengal, will report the result to the Secretary to the Government of Bengal, Finance Department. The report will contain the names of all the candidates in order of merit, and subject to their being adjudged fit on the results of the examination, the exact dates of their births and the number of marks obtained by each candidate in each subject. The candidates will then be offered, in order of merit, their choice of the various vacancies, and they will be appointed accordingly, subject to any arrangement which the Finance Department may find necessary in consultation with the department concerned, with special reference to rule 14. Any vacancy occurring after the examination and before the first day of the following April will be offered through the Finance Department to the remaining

candidates in the list in the same way. Vacancies occurring after the 1st April in any year will be reserved for competition at the examination in the ensuing August.

General.

13. The head of an office will retain the power of appointing men of special ability or aptitude to any post in the office, when on account of the special requirements of the post or of other exceptional circumstances the post cannot be filled in the ordinary way. An appointment under this rule should be made in consultation with the Appointment Department in the case of an upper division post and with the Finance Department in the case of a lower division post.

14. (*1*) The head of an office will also reserve the power of appointing suitable Muhammadans to either the Upper Division or the Lower Division. In the case of the Upper Division of the Secretariat every third appointment in each office made under rule 3 shall ordinarily be given to a Muhammadan, provided he has obtained qualifying marks in the competitive examination referred to in rule 3 (*a*). In the Lower Division of the departments of the Secretariat and attached offices every third appointment in each office shall ordinarily be given to a Muhammadan who possesses the educational qualifications required by rule 9 and furnishes the evidence required by rule 10. The assistance of recognised Muhammadan Associations and that of the Assistant Director of Public Instruction for Muhammadan Education should be utilised in securing qualified candidates for appointments in the Lower Division. In this Division such selection shall be made only when there is no suitable Muhammadan candidate in the competitive examination to whom the post can be offered. This rule shall not operate to give preference in any vacancy to a Hindu candidate over a Muhammadan candidate who has secured higher marks at the examination.

(*2*) Until the proportion of Muhammadans in the various offices reaches one-third, the claims of qualified Muhammadan candidates shall be considered in filling up all vacancies.

15. If at any time during the period of probation, or at its close the probationer's work is not considered satisfactory by the head of the office in which he is employed, he may be discharged and will have no claim to either gratuity or compensation. If, however, he was admitted from another office he may be reverted to his former appointment, or if this is not practicable, transferred to another appointment on the same pay.

16. Every probationer, before appointment, will be required to produce a statement showing to whom he is related or connected in the office in which he desires to serve. He must state the precise relationship or connection and certify that his statement, so far as he knows, is correct and complete. If any wilful inaccuracy is subsequently detected in this declaration, the person making it will be liable to be discharged from Government service.

17. Promotion of clerks in the Upper Division is regulated by seniority and merit combined, but in the higher grades more importance will be attached to merit.

18. Every appointment is made subject to the production of a medical certificate from the Presidency Surgeon, who is entrusted with the duty of examining candidates for appointment in the particular office to which the probationer has been appointed.

19. Temporary vacancies in the Secretariat shall ordinarily be filled from the list of candidates who have qualified at the clerkship examination, but it should be distinctly understood that such temporary employment gives no claim to permanent employment.

20. Rules 7 to 12, 14 to 16, 18 and 19 will apply *mutatis mutandis* to the following offices:—

Board of Revenue, Bengal; Inspector-General of Prisons; Inspector-General of Police; Director of Public Instruction; Director of Land Records and Surveys; Director of Agriculture; Inspector-General of Registration; Surgeon-General with the Government of Bengal; Superintendent of Emigration and Protector of Emigrants; Commissioner of Excise and Salt; and Director of Public Health, Bengal.

21. Copies of these rules may be obtained on application at the office of the Secretary to the Government of Bengal, Finance Department.

LAND REVENUE.

NOTIFICATIONS.

No. 335T.-R.—The 12th June 1928.—Under section 114 of the Bengal Tenancy Act, 1885 (Act VIII of 1885), the Governor in Council has determined that in police-station Nanoor and in villages transferred to police-station Labhpur by notification No. 2966 Pl., dated 8th August 1925, in the district of Birbhum where the preparation of a record-of-rights has been undertaken under notification No. 7534L.R., dated 25th August 1921, and in police-stations Nabagram, Kandi, Bharatpur, Burwan and Khargram in the district of Murshidabad where the preparation of a record-of-rights has been undertaken under notification No. 3564L.R., dated 10th April 1923, the landlords' and tenants' share of cost for the survey and the preparation of a record-of-rights, including the estimated cost of maintenance of boundary marks for a period of fifteen years, shall be apportioned and recovered as specified below :—

Murshidabad. Birbhum.

(1) The rate of Re. 1-8 shall be levied per acre of which the raiyats, including persons holding non-agricultural tenancies, shall pay 9 annas per acre and their landlords of all grades together 15 annas per acre.

Common lands such as rivers, roads, khals, burning ghats, etc., shall be excluded from assessment but not tanks even if used for irrigation.

(2) Landlords shall pay the raiyats' share of lands in their khas possession and raiyats shall pay the full raiyati rate for lands covered by their holdings.

(3) Rent-free holders, whether of the degree of raiyats or tenure-holders, shall pay the whole of the landlords' share for their lands.

(4) As between the different grades of landlords, the landlords' share shall be apportioned thus:—

(*a*) Permanent tenure-holders whose rent is fixed in perpetuity shall pay their own share of the cost and that of the landlords superior to them.

(*b*) Other permanent tenure-holders and temporary tenure-holders whose lease has over fifteen years to run shall pay three-fourths of the landlords' share and their landlords shall pay the remaining one-fourth.

(*c*) Temporary tenure-holders whose lease has fifteen years to run shall pay fifteen-sixteenths of the share they would pay in accordance with (*b*) above if they were permanent tenure-holders and so on, proportionately according to the number of years of the lease to run.

(*d*) Temporary tenure-holders who do not hold on a lease or for a fixed term shall pay half of the landlords' share.

Explanation.—The calculation shall be made from the lowest grade of landlords immediately above raiyats. The period for which the lease of the tenure or under-tenure is to run is to be reckoned in each case from the close of the agricultural year in which the record is finally published.

(5) (*a*) Under-raiyats having a right of occupancy shall pay at the rate of 4 annas for a tenancy recorded in one village.

(*b*) Under-raiyats with no right of occupancy shall be exempted from assessment.

(6) (*1*) The calculation shall be made—

(*a*) to the nearest anna,

(*b*) areas less than one acre shall be charged as for one acre; for areas over one acre and fractions of less than half an acre will not be charged for, but fractions of half an acre and upward shall be charged as for a full acre; the minimum charge for any tenancy or part of a tenancy recorded in one village shall be annas 4 only.

No. 11004L.R.—The 15th June 1928.—In exercise of the powers conferred by section 108A of the Bengal Tenancy Act, 1885 (Act VIII of 1885), the Governor in Council is pleased to empower Babu Rajendranath Rakshit, Sub-Deputy Collector and Assistant Settlement Officer, Jessore and Faridpur, to make corrections in the records-of-rights prepared in respect of the lands in the districts of Jessore and Faridpur, in accordance with, and subject to, the provisions of the said section.

Jessore. Faridpur.

HIGH COURT NOTICES.

ENGLISH DEPARTMENT—CIVIL.

The 12th June 1928.

No. 8285G.—The following revised rules made by the High Court of Judicature at Fort William in Bengal, under the powers vested in it by section 6 of the Legal Practitioners Act, 1879 (XVIII of 1879), are published for general information :—

Rules.

Revised Rules for the training of Legal Practitioners in the Subordinate Courts.

1. On and after the 1st January 1930, no person shall be admitted as a Pleader in the Courts subordinate to the High Court, unless he has served as a probationer for a period of one year, either at the headquarters of a district or in one of the subdivisions thereof, in conformity with the following rules, or is not eligible thereunder, or has not satisfied the requirements thereof.

2. Any person, who has obtained the degree of Bachelor of Law of one of the Universities of Calcutta, Dacca, Madras, Bombay, Patna, Allahabad and the Punjab, or of the Muslim University of Aligarh, or of the Benares Hindu University, shall be enrolled as a probationer, provided that his application to serve as a probationer be made within one year from the date of his obtaining such degree, or within such further time as the High

Court may for special reason allow, and provided that a Bachelor of Law of the University of Madras, Bombay, Allahabad, and the Punjab, of the Muslim University of Aligarh and of the Benares Hindu University so applying has passed an examination held under the direction of the District Judge in reading, writing, and speaking the vernacular of the district in which he intends ordinarily to practise.

NOTE.—The period of one year referred to in this rule shall count from the date of the applicant's diploma.

3. The application mentioned in the last foregoing rule shall be addressed to the District Judge of the district in which the applicant desires to practise, and it shall specify the Pleader with whom and the Court in which the applicant desires to serve as a probationer, and shall be accompanied by a certificate from the Pleader stating that he is willing to take the applicant as a probationer: Provided that no Pleader who is not a practising Pleader of more than five years' standing, or does not ordinarily practise at the headquarters of a district, or in one of the subdivisions thereof, shall be eligible to take a probationer, and no Pleader shall be permitted to entertain more than one probationer at one time; and provided also that permission shall not be granted to serve as a probationer in any Court which is not at the headquarters of a district or of a subdivision thereof.

4. On receipt of the application mentioned in the last foregoing rule, and if it is in order, the District Judge to whom it has been made shall grant the permission applied for and shall cause the particulars to be entered in a register to be kept in his office.

5. The applicant shall then, during and for a period of one year, serve as a probationer with the Pleader and in the Court in respect of whom and which the said permission has been granted.

6. During the period of probation aforesaid, the probationer shall work with the Pleader in and outside Court. Such work shall be limited to acting only, and shall not extend to pleading, and the general nature thereof shall be that of assisting the Pleader in his professional work as Pleader.

7. During the period of probation aforesaid, the probationer shall also attend the Court regularly and shall notify his attendance therein daily to such officer as the District Judge in the case of service at the headquarters of a district, or the Senior Munsif in the case of service at the headquarters of a subdivision, may appoint for the purpose. It shall be the duty of such officer to note the attendance of the probationer in a register to be kept for the purpose.

8. The probationer shall ordinarily work with one and the same Pleader throughout the period of his probation, and the Pleader shall ordinarily be one in continuous practice throughout such period. In case where necessity may arise, the service may be with different Pleaders for successive periods, but the total period of probation must in no case be less than a year, and no such service shall be recognised, unless it has been with the permission of the District Judge, obtained previously and in the manner indicated in rules 3 and 4 above.

9. During the period of probation aforesaid, the probationer may be excused absence for a portion or portions thereof, provided the Pleader with whom or the Court in which the probationer is to serve is satisfied that there is good cause for such absence, and that the training of the probationer will not materially suffer therefrom. In any other case, the deficiency will have to be made up by serving for such further period, not longer than the actual period of absence, as may be necessary in the opinion of the Pleader or of the Court as the case may be.

10. A Pleader who is permitted to take a probationer will be allowed to charge a fee of Rs. 50 for his remuneration for the training he gives to the probationer, and may refuse to give a certificate of his willingness to take the probationer unless he receives the same in advance. In case, however, of the Pleader not being able to retain the probationer for the full period of probation with him, the probationer will be entitled to a refund of an amount in proportion to the uncompleted portion of the service with such Pleader.

11. Every probationer shall, during the whole period of his probation, be exclusively employed by the Pleader in his proper business and practice as such.

12. On completion of the period of probation as aforesaid, the probationer shall file with the District Judge a certificate in Form A of the Schedule from the Pleader and a certificate in Form B of the Schedule from the Judge of the district or the Senior Munsif in the subdivision as the case may be, along with his application for admission as a Pleader mentioned in the next rule: Provided that the Judge of the district or the Senior Munsif of the subdivision, should he entertain a doubt as to whether the probationer has diligently worked as such, may, before giving such certificate, subject the probationer to an examination as regards procedure, and should he not be satisfied as a result of that examination that the probationer has served with diligence, may direct him to continue as a probationer for a further period not exceeding three months.

[Then follows rule 13, *et seq*, at page 6, Chapter XI (revised), Volume I, Court's General Rules and Circular Orders (Civil).]

No. 141-S. (12).—The following revised rules for the appointment of candidates to the Bengal Pilot Service are published for general information, in supersession of those published with the Government of Bengal notification No. 8-T.-Marine, dated the 9th May 1927. These rules will come into force after the forthcoming examination, of which notice has already been given under the existing rules, has been held.

BENGAL PILOT SERVICE.

RULES FOR THE APPOINTMENT OF CANDIDATES TO THE BENGAL PILOT SERVICE.

Appointments to the Bengal Pilot Service are made on behalf of the Government of India by the Government of Bengal in India and by the High Commissioner for India in England. Appointments are made by the High Commissioner only when the Government of Bengal have been unable to make suitable appointments in India.

A.—Appointments by the Government of Bengal.

1. Appointments made by the Government of Bengal are ordinarily limited to natives of India. For the purpose of this rule, a native of India means any person domiciled in British India and born of parents habitually resident in India and not established there for temporary purposes only.

2. Candidates must not be more than 22 years of age.

3. Every candidate shall be in possession of a certificate of competency as 2nd mate (foreign-going). Preference will be given to candidates who have passed through the Indian Mercantile Marine Training Ship *Dufferin*.

4. Every candidate must produce—

(*i*) if he is under 21 years of age, a declaration of domicile in writing by the parent or guardian of the applicant, attested by not less than two responsible persons, and, if he is 21 years of age or over, a declaration in writing by the applicant himself, attested by not less than two responsible persons ;

(*ii*) satisfactory evidence to show that he is not over 22 years of age ; and

(*iii*) satisfactory evidence to show that he is of good moral character.

5. Selected candidates, before being appointed, shall undergo a medical examination before the Medical Board at Calcutta.

B.—Appointments by the High Commissioner for India.

1. Candidates must not be more than 22 years of age.

2. Every candidate shall be in possession of a certificate of competency as 2nd mate (foreign-going). Preference will be given to candidates who have passed through one of the Training Ships, *Worcester* and *Conway*, or through the Pangbourne Nautical College, followed by a course in a sea-going training ship or in the Royal Naval Reserve.

3. Every candidate must produce satisfactory evidence to show that—

(*i*) he is not over 22 years of age ; and

(*ii*) he is of good moral character.

4. Selected candidates, before being appointed, shall undergo a medical examination before the Medical Board at the India Office.

5. A selected candidate, if passed by the Medical Board, will receive a first-class passage to Calcutta and an outfit allowance of £30. If he resigns or leaves the Service before he has served five years, he will be required to refund the cost of his passage to India and the outfit allowance, unless his resignation is due to ill-health certified by a Medical Board sitting at Calcutta. He will be required to give an undertaking with two sureties for this refund. If he is a minor, a similar undertaking will be required from his father, guardian, or near relative, with one surety. If before promotion to the grade of pilot the officer is removed from the Service, or if he is compelled by certified ill-health, not caused by his own negligence, carelessness or misconduct to resign the Service before such promotion, he will, if of non-Asiatic domicile, be provided with a free first-class passage back to England, or at his option to any other country at a cost not exceeding that of such passage, provided that he utilises it within three months from the date of his removal or resignation as the case may be.

G. L. CORBETT,
Secretary to the Government of India.

ARMY DEPARTMENT.

Simla, the 9th June 1928.

PART B.

MISCELLANEOUS.

No. 822.—The following *Press Communique* is published for general information :—

The following rules are issued in connection with the simultaneous examination of Indian gentlemen for admission to the (*i*) Royal Military Academy, Woolwich, (*ii*) Royal Military College, Sandhurst, and (*iii*) Royal Air Force Cadet College, Cranwell, with a view to obtaining King's Commission in the Indian Army and Air Force.

These rules are published in advance of the full regulations regarding the entry to Cadet Colleges in England in order to give prospective candidates as long a notice as possible to enable them to prepare for the next examination which will be held in Delhi about the middle of November 1928. Candidates must in every case obtain a minimum number of qualifying marks in the examination in order to be accepted for one of the Cadet Colleges.

The dates by which successful candidates will be required to join the Cadet Colleges in England will be announced later.

2. At this examination the following vacancies will be offered to successful candidates provided they have obtained the qualifying number of marks :—

Woolwich	.. 3 (Indian Engineers, Artillery and Signals).

MAINAMATI SURVEY SCHOOL.

(P. O. Survey School, district Tippera.)

Admission Rules.

The Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, in the district of Tippera, four miles west of the Comilla railway station, on the Assam-Bengal Railway. The Dacca-Chittagong Trunk Road runs close to the site of the school. It is healthily situated and occupies a picturesque site.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The school, which is ranked as a major institution, is affiliated to the Survey Education Advisory Board, Bengal, for the Survey Final and the Amin Examination.

4. In addition to the ordinary course, the school trains special students who do not intend to earn their living as surveyors but wish to receive training in surveying. Candidates for appointment as district kanungos or any Government official rank as special students.

5. The total number of admission to the first year course shall not exceed 50, of whom not more than ten may be special students; for the second year course not more than 30 shall be admitted in any one year, and not more than 5 of these may be special students.

6. The full course of instruction extends over two years. The session for the first year course, which corresponds to the Aminship standard, begins from the 1st August and terminates on the 31st July of the following year. The session for the second year or the Survey Final course begins from the re-opening day of the school after the Durga Puja holidays or from such date as may be notified by the Principal, not later than 1st November. The second year course also runs for twelve months. No student shall be admitted, or, in case of re-instatement after removal of his name from the school books, be re-admitted after the expiry of one month from the opening of the session, or from the date of removal of his name, as the case may be.

7. Applications for admission to the first year course must be submitted to the Principal on or before the 30th June. Applications for admission to the second year course must be submitted on or before the 30th September or such other date as may be notified by the Principal. Each application, either for admission to first year or to second year, must be accompanied by a registration fee of Rs. 3, which shall in no case be returned. Printed forms for application may be obtained from the office of the Principal.

8. The qualificatiqns for admission to the first year course are :—

(*a*) A sound knowledge of elementary arithmetic.
(*b*) Ability to write simple English and some vernacular.
(*c*) A certificate of character from his last school master.

NOTE :—Preference is given to those who have passed the Matriculation Examination or received higher education.

Application for admission to first year must be accompanied by a medical certificate of fitness for arduous field work, in the approved form signed by a medical officer of rank not below that of a Sub-Assistant Surgeon. All selected candidates are required to undergo, before admission, a medical examination by the medical officer attached to the school.

9. The qualifications for admission to the second year class are :—

(*a*) An Aminship certificate granted by the Survey Education Advisory Board.
(*b*) The Matriculation-pass of the Calcutta University or its equivalents.
(*c*) A medical certificate in the same form as for those seeking admission to first year to be granted by the school medical officer.

10. On passing the Amin Examination candidates are awarded the Amin certificate of the Survey Education Advisory Board, Bengal. On passing the Final Examination of second year course the candidates are awarded the Survey Final certificate.

The fee for Amin Examination is Rs. 15 and for the Survey Final Examination Rs. 25.

The Mainamati Survey School is approved for the purposes of Regulation 38 of the Indian Coal Mines Regulations, 1926. In the terms of the said approval the holders of the Survey Final certificates, after they have gained practical experience of surveying the underground workings of a mine for six months only, will be eligible for appearing at any examination for Surveyor's certificates, under the Indian Mines Act, 1923.

11. Ordinarily candidates will not be admitted to the first year class unless they are under 21 years of age on the 1st January of the year in which the course begins. The limit of age for the candidates seeking admission to second year is below 22. The Director of Industries, Bengal, may make exceptions to this rule.

The restriction of age does not apply in the case of special students. But they should have the minimum educational qualification of regular students.

12. The school has no vacation like other educational institutions, but it remains closed on executive holidays granted by Government.

13. The school was established on a residential basis and the students are required to reside in the hostels attached to the school. The students may live with their parents or approved guardians with the special permission of the Principal; but such permission may be withdrawn at any time.

14. Messes are provided for the Hindu students. Muhammadan students make their own messing arrangements. The Hindu mess shall be entirely self-supporting; the monthly charges are fixed by the Principal from time to time. At present the charge is Rs. 11 per month. The full messing fees are charged every month.

15. The following admission fees are charged :—

	Rs.
Admission to school	2
„ to hostel (Hindu students only)	2
„ to Athletic Club	1

A caution money deposit of Rs. 5 must be made, which will be returned after the close of the session, subject to deduction on account of fines, non-payment of fees, loss of or damage to, school or mess properties.

16. The following monthly fees payable for twelve months are charged :—

Tuition fees—

	Rs.	A.
First year students	3	0
Second year students	4	0
Special students	5	0
House rent	0	8
Athletic fees	0	8
Reading room	0	2

17. All payments must be made in the Principal's office. The messing fee is payable in two instalments, the first instalment being due on the last open day of the month previous to that for which it is charged. The second instalment of messing and all other monthly fees are payable on the 15th of every month or on any other date which may be notified by the Principal. No payment shall be accepted after the due date unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month, the defaulting student's name shall be struck off the school books. Such student shall not be re-admitted until he has paid in all arrears together with any fine which may be due from him and a re-admission fee of Rs. 5.

18. Four scholarships to the value of Rs. 10 each per month tenable for twelve months are awarded every year to the First year students on the result of a special examination held shortly after admission.

19. Four scholarships to the value of Rs. 10 each per month tenable for twelve months are awarded every year to the Second year students on the result of the Amin Examination.

20. Two scholarships of Rs. 20 each per month tenable for six months are awarded to Final-passed students who are selected for training in Mine Surveying.

21. Boarding stipends payable for twelve months at the following scale are granted to the residential Muhammadan students :—

Number of resident Muhammadan students.	Value of monthly stipend paid to each student.
	Rs.
1	6
2	5
3-4	4
5-8	3

22. A number not exceeding eight of students who have completed the second year course of this school is annually selected for training in Mine Surveying in order to qualify for the certificates of competency as Mine Surveyors granted under the Indian Mines Act, 1923.

The training in Mine Surveying begins from about the 1st October and lasts for not less than six months.

Extracts from Standing Rules for students.

1. Students are expected to attend 100 per cent. of the works, and those who have not put up at least 75 per cent. of possible attendances in class and 80 per cent. in field work are not allowed to appear at any examination of the Survey Education Advisory Board.

2. Ordinarily students are not granted leave out of the school for more than ten days during a session.

3. Students are excused from attending the class or the field on medical grounds on the recommendation of the school medical officer. But frequent absence on medical grounds may render a student unfit for the course.

4. Students must provide themselves with drawing instruments, books and all other necessaries within a week of the opening of each session.

5. Breaches of discipline are dealt with according to the rules in force in the Education Department.

K. AHMAD,

Principal, Calcutta Madrasah, and Registrar, Central Examination of Bengal Madrasahs.

The 14th June 1928.

BURDWAN DIVISION.

Rules for the admission of Private Candidates to the Calcutta University Matriculation Examination, 1929.

1. Private students are those who have not attended any recognized or unrecognized High English School for at least one year previous to the Matriculation Examination. The term "private students" includes teachers of schools.

2. Private candidates must appear at the Test Examination to be held on Monday, the 10th December 1928, and the following days at any of the Government High Schools in the Burdwan Division.

3. Applications for admission to the Test Examination must be submitted through the head master of the school in which the applicant last read. The head master, in forwarding the application to this office, should note whether he recommends the application or not. If he does not, his reasons should be stated. The application of no candidate is to be forwarded who did not leave school from the 1st class, or who had not been declared fit for promotion to that class. The information to be given in, and the documents to be appended (in original) to, the application are the following :—

(*a*) Name of the school in which the candidate last studied.

(*b*) Transfer certificate (in original) granted to the candidate by the head master of the school in which he last read ; or

In the case of a candidate who previously appeared at the Entrance Examination, the Registrar's receipt (in original) for the fee paid.

(*c*) Age of the candidate. No candidate is eligible who has not completed the age of fifteen years on the first day of the Matriculation Examination.

(*d*) In the case of school-masters, a certificate of good conduct from the Secretary of the school in which the candidate is serving.

(*e*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination held in March 1928. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*f*) Names of subjects in which the candidate wishes to be examined.

(*g*) Postal address.

4. Each private candidate will have to pay a fee of Rs. 6, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 10th November 1928, after which date a fine of Rs. 2 will have to be paid for each week's delay. *Under no circumstance will the admission fee be refunded.* No private candidate will be admitted to the Test Examination, unless he is accompanied, for the purpose of identification, by some person known to the office of the Inspector of Schools, Burdwan Division, or to the staff of the Zilla School where he will appear. Those who are not *bonâ fide* residents of the Burdwan Division will not be admitted to the Test Examination.

5. **The fee for the Matriculation Examination should NOT be sent to this office.** It should be sent to the Registrar by the candidate himself, together with his countersigned application.

6. The Matriculation Examination for 1929 will be held on the 1st March 1929 and the following days or any other subsequent dates declared by the University.

INTERMEDIATE AND B. A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* teachers of English schools, who have served as such for the full period of three academical years preceding the examinations, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools Candidates for the B. A. Examination must forward with their applications their F. A. or I. A. certificates, and those for the Intermediate Examination their Entrance or Matriculation certificates. Candidates admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered, unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates, who have applied for or have obtained the special permission of the Senate for the purpose, are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 10th January 1929, together with other papers as mentioned in rules 2 and 3, after which no application will be received.

5. The dates of Intermediate and B. A. Examinations of 1929 may be obtained from the Registrar, Calcutta University.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

CALCUTTA, *the 18th June 1928.*

DEPARTMENT OF AGRICULTURE, BENGAL.

Monthly Weather and Crop Report of Bengal for May 1928.

I. **Character of the season.**—During the month under review the rainfall was general over the Presidency. Precipitation was above the normal in fifteen districts and below the normal elsewhere. The usual rainfall statement is appended.

II. **Progress of agricultural operations.**—Preparatory tillage for and sowing of winter paddy in seedbeds commenced in West and North Bengal. Sowings of autumn paddy and jute were finished in East and parts of North Bengal, while elsewhere the operations were proceeding favourably. The progress of sowings was satisfactory, on the whole. Weeding of autumn crops was proceeding briskly in East and parts of North Bengal.

III. **State of standing crops.**—On the whole the standing crops were greatly improved by the rainfall of the month.

IV. **Prospects and probable outturn.**—The outlook of standing crops including deep water paddy was generally promising.

V. **Damage to standing crops.**—No appreciable damage except that by hailstorm in parts of Cooch Bihar State and in Rangpur was reported.

VI. **Condition of agricultural stock.**—The condition of live-stock was generally fair. Sporadic cases of cattle-disease were, however, reported from seventeen districts.

VII. **Failure of pasturage and fodder.**—Fodder was reported to be insufficient from parts of the 24-Parganas, Nadia, Murshidabad, Jessore, Burdwan, Birbhum, Rajshahi, Dinajpur, Malda and Dacca.

VIII. **Prices of food-grains.**—During the second fortnight of the month the retail price of common rice of the cheapest quality rose in seven districts, fell in six and remained stationary in the rest of the Presidency. It varied from 4¾ seers per rupee in Rangpur to 7½ seers in Chittagong.

IX. **Condition of agricultural population.**—The condition of agricultural population was, on the whole, fair except in parts of Nadia, Murshidabad, Birbhum, Bankura, Dinajpur and Malda where distress continued to prevail owing to a partial failure of the winter rice crop. Test and other relief works continued to help the people of these places.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 13th June 1928.

Summary.—During the week the rainfall was generally moderate to heavy in East Bengal, while it was light to moderate in West and North Bengal. Sowing of jute and autumn paddy is almost over and weeding is proceeding. Preparation of lands for and sowing of winter paddy seedlings continue favourably. The recent rainfall has been much beneficial to standing crops generally. Distress continues to prevail in parts of Murshidabad, Birbhum, Bankura, Dinajpur and Malda where the number of persons employed on test relief works reported to be 1,269, 2,159, 1,327, 1,835 and 4,110 respectively. The average price of common rice for the province has risen by about 0·22 per cent. as compared with that of the previous week.

LOCAL SELF-GOVERNMENT DEPARTMENT.

NOTIFICATIONS.

Minister-in-charge : The Hon'ble Sir P. C. Mitter, Kt., C.I.E.

No. 314T.-M.—The 16th June 1928.—The following proposed plan for lighting certain portions of the South Dum-Dum Municipality with electricity, which has been submitted by the Commissioners of that Municipality to the Government of Bengal (Ministry of Local Self-Government), for sanction under section 308, read with section 319 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), is published for the information of persons likely to be affected thereby.

24-Parganas.

11. The proposed plan will be taken into consideration on the 16th August 1928, and any objection or suggestion which may be received by the undersigned, through the District Magistrate, will be duly considered :—

Proposed plan.

1. The portion of the South Dum-Dum Municipality which it is proposed to light with electricity is defined below :—

North—By the Eastern Bengal Railway line (Central Section) up to the junction of Khanpara and Nawapara Roads at Gate-lodge No. 3 of Dum-Dum Cantonment station ; thence along the Nawapara Road and part of Kumarpara Road up to the junction of Jessore Road.

East—By the portion of Jessore Road from the junction of Nawapara Road (including the area covered by "Horsford's lands" and excluding the Dum-Dum Cantonment area) up to the 7th mile-post on Jessore Road from the Government House ; thence along the southern side of Dum-Dum Cantonment boundary line between the pillars Nos. 92 and 91 and Cantonment khal running up to the Bagjala khal.

South—By the Kristopur canal and the New cut canal.

West—By the Eastern Bengal Railway main line (Eastern Section).

2. One hundred and thirty-three electric lamps will be installed at present as shewn in the accompanying statement. The Commissioners have decided to enter into an agreement with the Calcutta Electric Supply Corporation, Limited, for the installation of these lamps and for their maintenance for a period of ten years at the annual rates of Rs 37-3 and Rs. 27-13-8 for each lamp of 60 and 30 watts, respectively, burning 3,650 hours per annum, or at the annual rates of Rs. 30-3-2 and Rs. 22-3 for each lamp of 60 and 30 watts, respectively, burning 2,500 hours per annum, or at a total cost of Rs. 4,573 per annum, at present.

3. The Commissioners propose to meet the charge to be incurred on account of lighting the aforesaid area by imposing an annual "Lighting rate" of 3 per cent. on the annual value of the holdings situated within the area to be lighted as defined in paragraph 1 (*i.e.*, within 150 yards on either side of the roads or lanes shewn in the following statement and 150 yards beyond the last pole for street-lighting on such roads or lanes). The income to be derived from the "Lighting tax" from the aforesaid area is estimated to be Rs. 4,756 per year for the present.

Statement showing the number of lights to be lighted in each road or lane within the South Dum-Dum Municipality.

2. Commissioners who are not Government servants or who being Government servants are elected Commissioners, and who do not hold the post of Chairman and Vice-Chairman, shall be entitled to draw from the municipal fund travelling allowance at the same rates as are admissible to Government servants of the second class. They are entitled to mileage for journey by road or boat although the distance travelled does not exceed 20 miles, but are not entitled to any allowance for journeys to places within a radius of 5 miles from the municipal office.

3. Chairmen and Vice-Chairmen who are not Government servants shall be entitled to draw from the municipal fund travelling allowance at the same rates as are admissible to Government servants of the first class. They are entitled to mileage for journey by road or boat although the distance travelled does not exceed 20 miles, but are not entitled under these rules to any allowance for journeys to places within a radius of 5 miles from the municipal office :

Provided that the Commissioners at a meeting may substitute for the rates herein mentioned the rates admissible under rule 2.

NOTE.—This rule does not prevent the Commissioners from granting under section 28 of the Bengal Municipal Act, 1884, allowances to their Chairmen or Vice-Chairmen for journeys within the municipality in connection with municipal work.

4. Commissioners who being Government servants are either Commissioners by appointment or hold the post of Chairman or Vice-Chairman shall be entitled to draw from provincial revenues the travelling allowance admissible to them as Government servants.

5. No Chairman, Vice-Chairman or Commissioner, other than a Government servant who is a Commissioner by appointment, shall be entitled to any allowance for halting for a period exceeding two days.

6. Chairmen shall be controlling officers for the purpose of passing bills for travelling allowance drawn by Vice-Chairmen or Commissioners, and Commissioners of Divisions shall be controlling officers for the purpose of passing bills for travelling allowance drawn by Chairmen.

NOTE.—The term "Government servants" in these rules includes managers of estates under the Court of Wards who are appointed by Government but paid from the estates and whose service counts for pension under the rules of the Civil Service Regulations.

PUBLIC HEALTH.

Minister-in-charge: The Hon'ble Sir P. C. Mitter, Kt., C.I.E.

No. 129T.-P.H.—The 14th June 1928.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules subject to which the Commissioners of the Suri Municipality in the district of Birbhum may allow communication pipes to be laid down from the service pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only :—

Birbhum.

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 96, to lay down communication pipes from the service pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions :—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied, free of cost, at the Municipal Office.

2. A fee of Rs. 150 must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply pipe or a common communication pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Except as provided below, each holding must have a separate connection to the municipal main supply pipe, and extensions from the communication pipe of one holding to another holding shall not be permitted :

Provided that, with the consent of the Commissioners in meeting, connections to two or more holdings may be permitted from a common communication-pipe. Any such communication pipe must be laid in a street or common passage, and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding ;

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto.

4. The owner or occupier of the holding in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the municipal waterworks or system of distribution, or by the defective condition of the connection or any part thereof, or by any other cause whatsoever.

6. (*1*) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) No work shall be carried out under sub-rule (*1*) except under the supervision of a municipal officer.

7. A holding connection shall comprise the following parts or fittings :—

(*a*) a brass or gun-metal ferrule inserted in the main supply pipe ;
(*b*) a galvanized iron communication pipe from the ferrule to the meter ;
(*c*) a stop-cock and its surface-box ;
(*d*) a meter ;
(*e*) service pipes from the stop-cock to the taps ; and
(*f*) taps.

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fittings so presented may, it considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule, and the diameter of the communication pipe referred to in clauses (*a*) and (*b*) of rule 7, and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows :—

Annual valuation of holding.			Size of ferrule.	Diameter of communication pipe.	Number of taps.
Rs.		Rs.	Inch.	Inch.	
under	200	...	$\frac{1}{4}$	$\frac{1}{2}$	1
From	200 to	399	...	$\frac{1}{4}$	$\frac{1}{2}$	2
„	400 „	599	...	$\frac{3}{8}$	$\frac{5}{8}$	3
„	600 „	899	...	$\frac{3}{8}$	$\frac{5}{8}$	4
„	900 „	1,199				
„	1,200 „	1,499	...	$\frac{1}{2}$	$\frac{7}{8}$	6
„	1,500 „	1,999	...	$\frac{1}{2}$	1	7

From Rs. 2,000 and over—An extra tap for every additional Rs. 1,000, and when necessary, a corresponding increase in the size of ferrule or tee piece on the municipal main and in the diameter of communication pipe.

11. (1) On every communication pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface box of approved pattern, with locking arrangements. The key of this box shall remain under the control of the Chairman.

13. Neither the stop-cock nor the meter must be placed in any private premises.

14. (1) The Commissioners shall depute an authorised person to read every meter not less than once a quarter and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

(2) In the event of a meter ceasing to register, the quantity of water consumed during the period the meter had stopped to register shall be calculated on the basis of the average consumption of water of the holding for the last four quarters.

15. (1) Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of—

(*a*) 2,000 gallons of water per quarter for each rupee, and

(*b*) a further proportionate number of gallons per quarter for every additional fraction of a rupee, paid by him quarterly as water-rate in respect of such holding.

(2) For all water in excess of the amount allowed under sub-rule (1) such owner or occupier shall be charged quarterly as follows :—

	Per 1,000 gallons Rs. A.
(*a*) For any excess quantity of water not exceeding one-half of the amount of the allowance prescribed in sub-rule (1) ...	0 8
(*b*) For any excess quantity of water exceeding one-half of the amount of the allowance prescribed in sub-rule (1), but not exceeding that amount	0 10
(*c*) For any excess quantity of water exceeding the amount of the allowance prescribed in sub-rule (1), but not exceeding twice that amount	0 14
(*d*) For any excess quantity of water exceeding twice the amount of the allowance prescribed in sub-rule (1)	1 4

16. The Commissioners may cut off the connection between any waterworks of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely :—

(*a*) if the holding is unoccupied ;

(*b*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purposes of making any examination or inspection authorised under this Act or prevents such officer from making such examination or inspection ;

(*c*) if the owner or occupier of the holding touches or interferes with his meter in any way except with the permission of the Chairman, or wilfully or negligently injures or damages it ;

(*d*) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood ;

(*e*) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same ;

(*f*) if the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes or any other works in connection with the water-supply not authorised by these rules ;

(*g*) if the pipes, taps, ball-cocks, cisterns, or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or in a state of disrepair :

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (*d*) an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

17. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "Screwdown". Every tap shall be at least 3 feet above the surface of the ground beneath.

18. No cistern, tank, or reservoir of any description which is intended to be supplied with water from the municipal waterworks shall be permitted to any holding except with the sanction of the Commissioners in meeting, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every such cistern, tank or reservoir must be controlled by an efficient ball-cock so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

19. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

NOTIFICATIONS.

No. 779T.-F.—The 14th June 1928.—In exercise of the power conferred by sub-rule (*1*) of rule 4 of the Civil Services (Governors' Provinces) Delegation Rules, 1926, the Governor in Council and the Governor acting with his Ministers are pleased to make the following rules regulating the conditions of service of provincial and subordinate services and of officers holding special posts :—

Rules.

1. For the purposes of these rules—

(1) *Appointed on probation* means appointed on trial in or against a substantive vacancy.

(2) *Probation* means a Government servant appointed on probation. A Government servant so appointed (and continuing in service) remains a probationer until he is confirmed.

2. Where it is intended that first appointment to a service or post shall normally be on probation, the period of probation shall be prescribed in the rule regulating the pay of that service or post.

3. For special reasons (which should be recorded) the appointing authority may extend a probationer's prescribed period of probation by a further period not exceeding half the prescribed period. A period of probation may not be further extended without the special orders of Government, obtained on a recommendation made by the appointing authority.

4. When a probationer is about to complete the period of probation prescribed under rule 2 the appointing authority shall record an order either confirming him with effect from the date of his completion of the prescribed period of probation or extending his period of probation or discharging him. Similarly, when a probationer is about to complete an extended period of probation, the appointing authority shall record an order either confirming him with effect from the date of his completion of the extended period of

probation or discharging him, unless he has meantime received orders of Government sanctioning a further extension of the period of probation :

Provided that, if he has not on the date of expiry of the extended period of probation received the orders of Government on a recommendation made under rule 3, the appointing authority shall defer his order until those orders are received ; the probationer meantime being permitted to continue in service.

NOTE 1.—The term "discharge" in this chapter includes, in the case of a probationer appointed by promotion from another service or post, reversion to that service or post.

NOTE 2.—A recommendation that a period of probation should be extended by Government should be submitted in such time as to enable the orders of Government to reach the appointing authority before the date of expiry of the subsisting extended period of probation.

5. Save pending the receipt of the orders of Government on a recommendation made under rule 3, a probationer may at any time be discharged from service by the appointing authority, if considered by that authority to be unsuitable for the service or post to which he was appointed, but the order of discharge (except when passed by Government) shall not be given effect to till it has been submitted to and confirmed by the next higher authority.

6. An order discharging a probationer shall indicate the grounds for the discharge, but no formal proceedings, such as are prescribed for the removal or dismissal of Government servants who are not probationers, shall be necessary.

7. No appeal shall lie against an order discharging a probationer.

8. A probationer may not be confirmed until he has served on probation for the period prescribed under rule 2, passed any test or examination the passing of which may by rule be prescribed as a condition of confirmation in the service or post in which it is proposed to confirm him, and been declared by the appointing authority to be fit for confirmation.

9. No increment of pay beyond the pay prescribed for the period prescribed under rule 2 may be drawn by a probationer until he is confirmed.

10. When a probationer is confirmed otherwise than with effect from the date of expiry of the period of probation prescribed under rule 2, he will, unless it be otherwise provided by rule, draw as from the date of effect of his confirmation the pay he would have drawn had he been confirmed on the expiry of the prescribed period of probation, and, unless it be otherwise provided by rule, the whole of his service from the date of his appointment on probation shall count for increments.

All existing rules and orders relating to the conditions of service of provincial and subordinate services and of officers holding special posts, in so far as they are not inconsistent with these rules, are hereby confirmed.

No. 786T.-F.—The 15th June 1928.—In exercise of the power conferred by sub-rule (*1*) of rule 4 of the Civil Services (Governors' Provinces) Delegation Rules, 1926, the Governor in Council and the Governor acting with his Ministers are pleased to make the following rules regulating conditions of service of Provincial and Subordinate Services and of officers holding special posts. They supersede rule 29 of the Fundamental Rules so far as concerns such services and officers, and they shall be deemed to have come into force with effect from the 9th March 1926 :—

Rules.

1. When a Government servant is ordered to be reduced to a lower stage in a time-scale, the authority passing the order shall include in the order—

(*i*) a statement of the period for which the reduction is to remain in force ; and

(*ii*) a statement whether on the expiry of the period the Government servant's previous service in the stage of the time-scale from which he was reduced, and the period during which the orders of reduction were in force, shall count for increment in whole or in part or not at all. If the former statement be not made, or be not clear, the period of reduction shall expire on the termination of the period at the close of which the officer would have drawn his next increment had the order of reduction not been passed ; and if the latter statement be not made, or be not clear, the Government servant shall be entitled, on the expiry of the period of reduction, to count towards increment his previous service in the stage of the time-scale from which he was reduced, and the period during which the orders of reduction were in force.

2. When a Government servant is ordered to be reduced to a lower grade or post, and is subsequently promoted or reinstated, his previous service in the grade or post from which he was reduced counts for increment, unless the authority promoting or reinstating him declares that it shall not so count, either in whole or in part. The period during which the orders of reduction were in force does not count for increment upon promotion or reinstatement.

ADDENDA AND CORRIGENDA.

No. 2415F.—The 23rd June 1928.—The following corrections have been authorised and are published for information :—

The Fundamental and Subsidiary Rules (1st edition).

Page 258, Rule 9.—For the note under clause (*a*) of this rule *substitute* the following :—

Note.—The recovery of the advance shall ordinarily commence when the first payment of a full month's pay is made to the Government servant on his return from leave. But when a Government servant while himself remaining on duty draws an advance for the members of his family only, recovery shall commence in the month following that in which the advance is drawn.

Page 109, Subsidiary Rule 242.—Substitute the following for clause (*a*) of this rule :—

On return from leave exceeding two months, a Gazetted Government servant must obtain orders as to his posting. On return from leave not exceeding two months, a Gazetted Government servant may resume the post which he held before going on leave unless he receives orders to the contrary.

Page 805, Appendix 20 (1), Rule 8.—Add the following after the 2nd sentence in this rule :—

"Study allowance may be given at the discretion of the Government of India or a local Government for any period up to fourteen days at one time during which the officer is prevented by sickness duly certified by a medical practitioner from pursuing the sanctioned course of study."

Insert the following under rule 8 :—

Note.—The Government of Bengal have authorised the High Commissioner for India to grant study allowance during sickness, subject to the conditions stated in this rule.

MAINAMATI SURVEY SCHOOL.

(P. O. Survey School, district Tippera.)

Admission Rules.

The Mainamati Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hill, in the district of Tippera, four miles west of the Comilla railway station, on the Assam-Bengal Railway. The Dacca-Chittagong Trunk Road runs close to the site of the school. It is healthily situated and occupies a picturesque site.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The school, which is ranked as a major institution, is affiliated to the Survey Education Advisory Board, Bengal, for the Survey Final and the Amin Examination.

4. In addition to the ordinary course, the school trains special students who do not intend to earn their living as surveyors but wish to receive training in surveying. Candidates for appointment as district kanungos or any Government official rank as special students.

5. The total number of admission to the first year course shall not exceed 50, of whom not more than ten may be special students; for the second year course not more than 30 shall be admitted in any one year, and not more than 5 of these may be special students.

6. The full course of instruction extends over two years. The session for the first year course, which corresponds to the Aminship standard, begins from the 1st August and terminates on the 31st July of the following year. The session for the second year or the Survey Final course begins from the re-opening day of the school after the Durga Puja holidays or from such date as may be notified by the Principal, not later than 1st November. The second year course also runs for twelve months. No student shall be admitted, or, in case of re-instatement after removal of his name from the school books, be re-admitted after the expiry of one month from the opening of the session, or from the date of removal of his name, as the case may be.

7. Applications for admission to the first year course must be submitted to the Principal on or before the 30th June. Applications for admission to the second year course must be submitted on or before the 30th September or such other date as may be notified by the Principal. Each application, either for admission to first year or to second year, must be accompanied by a registration fee of Rs. 3, which shall in no case be returned. Printed forms for application may be obtained from the office of the Principal.

8. The qualifications for admission to the first year course are :—

(*a*) A sound knowledge of elementary arithmetic.
(*b*) Ability to write simple English and some vernacular.
(*c*) A certificate of character from his last school master.

NOTE :—Preference is given to those who have passed the Matriculation Examination or received higher education.

Application for admission to first year must be accompanied by a medical certificate of fitness for arduous field work, in the approved form signed by a medical officer of rank not below that of a Sub-Assistant Surgeon. All selected candidates are required to undergo, before admission, a medical examination by the medical officer attached to the school.

9. The qualifications for admission to the second year class are :—

(*a*) An Aminship certificate granted by the Survey Education Advisory Board.
(*b*) The Matriculation-pass of the Calcutta University or its equivalents.
(*c*) A medical certificate in the same form as for those seeking admission to first year to be granted by the school medical officer.

10. On passing the Amin Examination candidates are awarded the Amin certificate of the Survey Education Advisory Board, Bengal. On passing the Final Examination of second year course the candidates are awarded the Survey Final certificate.

The fee for Amin Examination is Rs. 15 and for the Survey Final Examination Rs. 25.

The Mainamati Survey School is approved for the purposes of Regulation 38 of the Indian Coal Mines Regulations, 1926. In the terms of the said approval the holders of the Survey Final certificates, after they have gained practical experience of surveying the underground workings of a mine for six months only, will be eligible for appearing at any examination for Surveyor's certificates, under the Indian Mines Act, 1923.

11. Ordinarily candidates will not be admitted to the first year class unless they are under 21 years of age on the 1st January of the year in which the course begins. The limit of age for the candidates seeking admission to second year is below 22. The Director of Industries, Bengal, may make exceptions to this rule.

The restriction of age does not apply in the case of special students. But they should have the minimum educational qualification of regular students.

12. The school has no vacation like other educational institutions, but it remains closed on executive holidays granted by Government.

13. The school was established on a residential basis and the students are required to reside in the hostels attached to the school. The students may live with their parents or approved guardians with the special permission of the Principal; but such permission may be withdrawn at any time.

14. Messes are provided for the Hindu students. Muhammadan students make their own messing arrangements. The Hindu mess shall be entirely self-supporting; the monthly charges are fixed by the Principal from time to time. At present the charge is Rs. 11 per month. The full messing fees are charged every month.

15. The following admission fees are charged :—

	Rs.
Admission to school	2
„ to hostel (Hindu students only)	2
„ to Athletic Club	1

A caution money deposit of Rs. 5 must be made, which will be returned after the close of the session, subject to deduction on account of fines, non-payment of fees, loss of or damage to, school or mess properties.

16. The following monthly fees payable for twelve months are charged :—

Tuition fees—

	Rs.	A.
First year students	3	0
Second year students	4	0
Special students	5	0
House rent	0	8
Athletic fees	0	8
Reading room	0	2

17. All payments must be made in the Principal's office. The messing fee is payable in two instalments, the first instalment being due on the last open day of the month previous to that for which it is charged. The second instalment of messing and all other monthly fees are payable on the 15th of every month or on any other date which may be notified by the Principal. No payment shall be accepted after the due date unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month, the defaulting student's name shall be struck off the school books. Such student shall not be re-admitted until he has paid in all arrears together with any fine which may be due from him and a re-admission fee of Rs. 5.

18. Four scholarships to the value of Rs. 10 each per month tenable for twelve months are awarded every year to the First year students on the result of a special examination held shortly after admission.

19. Four scholarships to the value of Rs. 10 each per month tenable for twelve months are awarded every year to the Second year students on the result of the Amin Examination.

20. Two scholarships of Rs. 20 each per month tenable for six months are awarded to Final-passed students who are selected for training in Mine Surveying.

21. Boarding stipends payable for twelve months at the following scale are granted to the residential Muhammadan students :—

Number of resident Muhammadan students.	Value of monthly stipend paid to each student.
	Rs.
1	6
2	5
3-4	4
5-8	3

22. A number not exceeding eight of students who have completed the second year course of this school is annually selected for training in Mine Surveying in order to qualify for the certificates of competency as Mine Surveyors granted under the Indian Mines Act, 1923.

The training in Mine Surveying begins from about the 1st October and lasts for not less than six months.

Extracts from Standing Rules for students.

1. Students are expected to attend 100 per cent. of the works, and those who have not put up at least 75 per cent. of possible attendances in class and 80 per cent. in field work are not allowed to appear at any examination of the Survey Education Advisory Board.

2. Ordinarily students are not granted leave out of the school for more than ten days during a session.

3. Students are excused from attending the class or the field on medical grounds on the recommendation of the school medical officer. But frequent absence on medical grounds may render a student unfit for the course.

4. Students must provide themselves with drawing instruments, books and all other necessaries within a week of the opening of each session.

5. Breaches of discipline are dealt with according to the rules in force in the Education Department.

N. SEN,

Controller of Examinations, Calcutta University.

SENATE HOUSE,

The 28th June 1928.

BURDWAN DIVISION.

Rules for the admission of Private Candidates to the Calcutta University Matriculation Examination, 1929.

1. Private students are those who have not attended any recognized or unrecognized High English School for at least one year previous to the Matriculation Examination. The term "private students" includes teachers of schools.

2. Private candidates must appear at the Test Examination to be held on Monday, the 10th December 1928, and the following days at any of the Government High Schools in the Burdwan Division.

3. Applications for admission to the Test Examination must be submitted through the head master of the school in which the applicant last read. The head master, in forwarding the application to this office, should note whether he recommends the application or not. If he does not, his reasons should be stated. The application of no candidate is to be forwarded who did not leave school from the 1st class, or who had not been declared fit for promotion to that class. The information to be given in, and the documents to be appended (in original) to, the application are the following :—

(*a*) Name of the school in which the candidate last studied.

(*b*) Transfer certificate (in original) granted to the candidate by the head master of the school in which he last read ; or

In the case of a candidate who previously appeared at the Entrance Examination, the Registrar's receipt (in original) for the fee paid.

(*c*) Age of the candidate. No candidate is eligible who has not completed the age of fifteen years on the first day of the Matriculation Examination.

(*d*) In the case of school-masters, a certificate of good conduct from the Secretary of the school in which the candidate is serving.

(*e*) A certificate from a respectable gentleman to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination held in March 1928. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*f*) Names of subjects in which the candidate wishes to be examined.

(*g*) Postal address.

4. Each private candidate will have to pay a fee of Rs. 6, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 10th November 1928, after which date a fine of Rs. 2 will have to be paid for each week's delay. *Under no circumstance will the admission fee be refunded.* No private candidate will be admitted to the Test Examination, unless he is accompanied, for the purpose of identification, by some person known to the office of the Inspector of Schools, Burdwan Division, or to the staff of the Zilla School where he will appear. Those who are not *bonâ fide* residents of the Burdwan Division will not be admitted to the Test Examination.

5. **The fee for the Matriculation Examination should NOT be sent to this office.** It should be sent to the Registrar by the candidate himself, together with his countersigned application.

6. The Matriculation Examination for 1929 will be held on the 1st March 1929 and the following days or any other subsequent dates declared by the University.

INTERMEDIATE AND B. A. EXAMINATIONS.

1. Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* teachers of English schools, who have served as such for the full period of three academical years preceding the examinations, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B. A. Examination must forward with their applications their F. A. or I. A. certificates, and those for the Intermediate Examination their Entrance or Matriculation certificates. Candidates admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered, unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates, who have applied for or have obtained the special permission of the Senate for the purpose, are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 10th January 1929, together with other papers as mentioned in rules 2 and 3, after which no application will be received.

5. The dates of Intermediate and B. A. Examinations of 1929 may be obtained from the Registrar, Calcutta University.

KHAGENDRA NATH MITTER,
Inspector of Schools, Burdwan Division (offg.).

CHINSURA, *the 15th June 1928.*

Diploma Course in Practical English.

A Diploma Course in Practical English will be instituted with effect from the beginning of the session 1928-29. The number of students undergoing the course will be limited to 20 in the first year. The minimum qualification for admission to the course will be the passing of Intermediate Examination of an approved University or Board. The course of study will extend over one academic year. This course does not include lectures on the Teaching of English in schools.

The class fee is Rs. 60 for each session and the examination fee Rs. 15 only.

Applications for admission to the course will be received by the undersigned till the 31st July 1928. Particulars will be supplied on application.

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits ; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 20th June 1928.

Summary.—During the week the rainfall was generally moderate to heavy. Sowing of jute and autumn paddy is over and weeding is going on. Preparatory tillage for and sowing of winter paddy in seedbeds continue favourably; transplantation has commenced in places. Condition and prospects of standing crops are satisfactory. Distress continues to prevail in parts of Dinajpur, Murshidabad, Birbhum, Bankura and Malda. In these districts the number of persons employed on test-relief works is reported to be 1,691, 419, 1,145, 483 and 2,364, respectively. In Murshidabad the test-relief works have been entirely closed from the last day of the week. The average price of common rice for the province has risen by about 0·54 per cent. as compared with that of the previous week.
